

Area coeds join ballet conference

Three area girls are among the 66 students from metropolitan Detroit who have been participating in the annual Cecchetti ballet conference at Michigan State University.

The 12-day conference was scheduled to end Friday.

Among the students receiving ballet instruction were Kathy Winter, 44721 Dionne Rd., Belleville, Karen Latoski, 38053 Castle, Romulus, and Laurie Murningham, 9087 Bunton Rd., Willis.

A total of 175 students from 11 states and Washington, D.C., are receiving instruction under outstanding ballet teachers from three nations, among them Fredbjorn Bjornsson and Kirsten Ralov of the Royal Danish Ballet, Copenhagen, and Margaret Marsh of London.

The instruction includes the seven classes or grades of ballet with special attention to the Cecchetti method which emphasized style and quality of movement.

The Cecchetti conference and its accompanying seminar for ballet teachers are sponsored by the Cecchetti Council of America and the MSU College of Education and Continuing Education Service.

Sabo urges OK of mill renewal

Wayne County Commissioner John N. Sabo Jr. (D-24th Dist.) has urged voter support for the renewal of the one mill tax levy which the Wayne County Board of Commissioners is seeking on the Aug. 8 vote.

The one mill (\$1 per \$1,000 equalized valuation) is being sought for a five-year period. It expires this year.

According to Sabo, who represents Van Buren Township, Sumpter Township, Belleville, Romulus, Wayne and part of Westland, the one-mill renewal means about 75 cents per month to the average homeowner.

However, the commissioner stated, its approval will mean another \$13 million annually for the county coffers.

The money will be used to

The island of Hainan, with 13,000 square miles of steaming jungles and a history as China's Siberia for political exiles, is called the "Tail of the Dragon" and is located near the Gulf of Tonkin.

help finance general county services in the fields of hospital care, public health, juvenile delinquency, public safety and courts, child care, mental health, education, libraries and parks.

"Beyond the fact that the livelihood of many employees is at stake, nobody is more aware of the crucial importance than the employees and officials of Wayne County," Sabo said.

He pointed out that 650 county jobs already are vacant due to the present financial crisis and that sections of Wayne County General Hospital might have to be closed.

The commissioner also said it might be necessary to close the Wayne County Development Center, depriving many children of the chance to become self-supporting citizens.

Also hinging upon the renewal, Sabo said, was 4,400 acres of park land which the county may be forced to leave unguarded if the money is not approved.

Cop: more than a gun

Professionalism taught at academy

By KEVIN FOLEY

It takes more than just a badge and a gun to make a police officer. So says Pete Wilson, coordinator of the Wayne County Sheriff's Training Academy in Inkster.

Wilson, who oversees a staff of lawyers, sociologists and working policemen, says the modern police officer must be able to cope with a plethora of complex and sensitive situations.

"To acquire that ability - that professionalism - takes a specialized brand of training that most municipal departments aren't equipped to give," Wilson said in a recent interview.

Wilson, who is also the administrative assistant to Sheriff William Lucas, said it is the function of the academy to provide that training.

According to Wilson, discipline at the academy closely parallels that of military service.

The academy, housed in the Milton Middle School on Henry Ruff Road, was started in January of 1971 as a regional training center for county policemen and candidates from municipal departments.

The school provides 280 hours of classroom training - 40 hours above the minimum necessary for police certification - and is considered one of the better academies in the state.

When the current class graduates in August, the academy will have turned out 254 qualified police officers for not only the sheriff, but police departments all over southeastern Michigan.

The candidates receive seven weeks of basic training, and

sheriff's candidates receive nine weeks," Wilson said. "It's an eight-hour a day, 40-hour a week operation."

Currently, 34 men and three women are enrolled in the academy. Sheriff's trainees number 13 at the school, and the remainder of the trainees come from as close as Inkster and as far away as Port Huron.

While at the academy, the candidates are paid their regular weekly salary by their respective departments, and the cost of operating the school is paid for by a federal grant administered by the Michigan Training Council.

Wilson said the average training cost per session amounts to about \$8,000.

The candidates, who are treated as and are expected to act like professionals, begin their day with a personal inspection by a staff member at 8 a.m.

Should a trainee be late, or should his appearance not be up to standards, he receives a demerit.

If a trainee receives five demerits, he is automatically expelled from the school.

Once in the classroom, trainees get a thorough grounding in all aspects of law enforcement.

The trainees receive 124 hours of general police instruction, Wilson said. That includes patrol techniques, writing, handling complaints and several other topics.

Trainees also get 30 hours of firearms training and 28 hours of self-defense and physical training.

The remainder of the courses are divided up among law, administrative operations, traffic enforcement and investigative techniques.

"This is one of our better classes," Wilson said, "they're average both scholastically and in the use of firearms."

Wilson, a former Flint police officer, said the majority of trainees coming through the academy were enthusiastic and dedicated to a career in law enforcement.

"The staff can tell when a man or woman really isn't motivated," he said. When we come across a person like that, we try to eliminate them from the academy."

At the end of the course, Wilson and the staff write an evaluation of each trainee and send it back to the candidate's department.

"We're very frank," he said. "We'll tell a chief whether he has a good policeman or a guy who just sees it as a job."

Wilson summed up his tour of the academy by saying he felt the program was the best available.

"On graduation night, after all the pressures of studying are off, the trainees who've made it know they've done something worthwhile.

"It's something both they and we can be proud of, being a police officer."

Park film offered

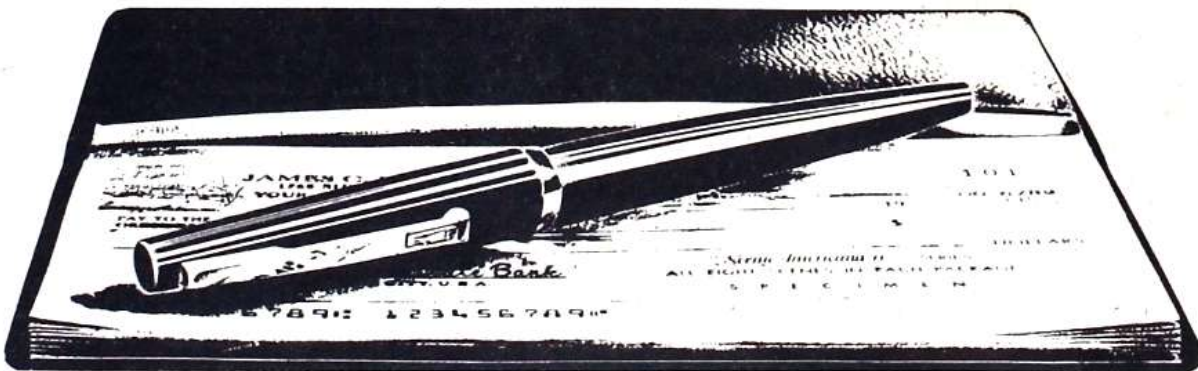

A 30-minute presentation describing the activities and facilities of the Huron-Clinton Metropolitan Authority - which presently operates nine "Metroparks" providing 12,500 acres in five southeastern Michigan counties - is available to service clubs and other community organizations.

The presentation is a part of an informational effort by the

Citizens Committee for Continuing Progress in Recreation to inform voters in Livingston, Macomb, Oakland, Washtenaw and Wayne Counties of an Aug. 8 referendum on increasing the 1/4-mill property tax - that finances the HCMA - to 1/2-mill to be levied outside the 15-mill tax rate limitation.

The additional 1/4-mill property tax is being sought to carry out the authority's plans to develop at least three new major metropolitan parks in the five-county area during the next 15 years and to lease and rebuild Belle Isle Park, which is now operated by the City of Detroit.

The Unlimited Credit Card

Some people can produce a credit card for any purchase imaginable. But, they're still in the minority. Because, fully 60% of Americans still rely on that old standby, cash, to pay bills and make purchases. And, why not? It sure saves on interest charges.

If you're one of the hardy cash-and-carry breed, you might be interested in WSB checking accounts. You keep all the advantages of cash... and pick up a couple of extras.

For example, WSB checks are good everywhere. So, you're not limited. You can shop anywhere you like. Then, you don't have to carry large amounts of cash. And that's a relief, right? And you can pay bills by mail. That saves on gas and personal wear and tear. Plus, there are receipts and monthly statements, to make things easier at tax-paying time.

Look into the many checking programs offered by WSB. Unlimited credit cards... for people who like to pay cash.

TO MY FRIENDS IN VAN BUREN

THIS IS A message to set some facts straight -- and make a public apology if one is due.

Inasmuch as I was quoted in another newspaper following last Monday night's (July 17) Belleville Council meeting as saying words to the effect that "Quite frankly, I'm not too concerned about what Van Buren Township thinks we're doing," I want to make the following very clear:

(A) The context in which my statement was made, whatever it was, was directly to the attention of two people from Van Buren Township -- and was specifically in relation to a phase of discussion in a zoning hearing.

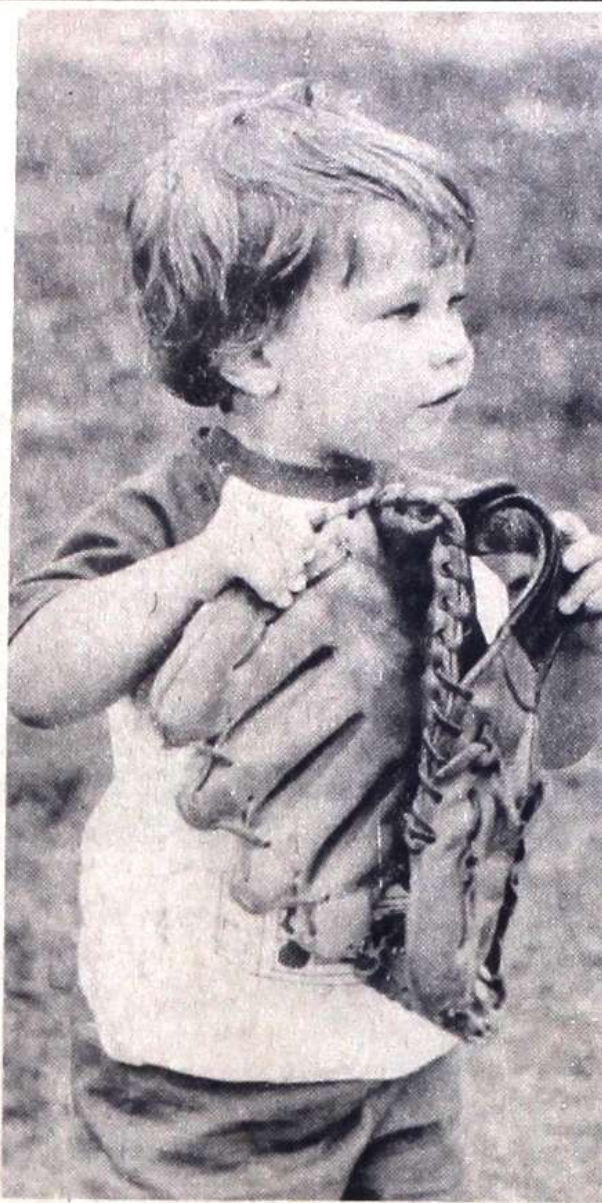

(B) Since that particular view is not, was not, nor never has been my overall view of the many fine people and neighbors in Van Buren Township, I wish to publicly apologize for any confusion, misgivings or inconveniences that the statement may have caused.

(C) As a concerned individual, public official, political candidate and, perhaps most importantly, desirous of being a good neighbor of all people in Van Buren Township, I regret the statement whatever its context and wish to publicly say so at my own expense to all the many fine people of Van Buren Township, including those to whom the statement was actually directed.

My most humble apologies...

Sabo reiterates stand against busing, stadium

Wayne County Commissioner John N. Sabo Jr., running for re-election in District 26, reiterated this week his stand on the stadium and busing issues.

Sabo's revised district includes Romulus, Huron Township and Taylor.

The commissioner stressed he is definitely opposed to forced cross-district busing because it has "too many inequities."

Sabo said busing is not logical because it would interfere with extracurricular activities and would pose problems in cases of sickness, when a child should be brought home.

He said at the present time his own daughter must get up at 5:30 a.m. in order to make her bus in Taylor.

"What time would she have to get up to be bused outside of the district?" he asked.

The incumbent commissioner also stressed that he voted against the domed stadium not because he was against the facility, but because he was opposed to the proposed method of financing.

Sabo termed the idea of the county pledging its full faith and credit behind the venture "subsidizing private enterprise."

He said he wanted private monies invested in the stadium by such people as the Fetters (owner of the Tigers)

and the Fords (owner of the Lions).

"There are more important projects that could use our monies like hospital care, public health, jails and courts, child care, mental health, education, libraries and parks," he said.

Plank claims 'real issue' is busing

Wayne County Commissioner candidate Robert Plank charged this week his opponents are trying to avoid discussing the "real issue" — busing.

A candidate in the 26th District, Plank said, "The issue today is cross-district busing. When people are vitally concerned about a particular problem, that has to be an issue."

He said he intended to represent the people of the 26th District on the Board of Commissioners, and if it's busing they are concerned about, then that has to be the issue.

"My opponents are talking about fiscal responsibility, taxes and county home rule," Plank said.

But, he added, in travelling around his district, he is "almost continually asked" how he stands on busing and whether or not he will support the Democratic platform and candidate.

"I am proud to answer that I am opposed to cross-district busing and I do not support the Democratic platform or any candidate who does support it," the candidate said.

Plank said he is only looking for one endorsement — that of the people — and that he will "be able to go into office with no ties to any group, except the people of this district." "That is what I am looking forward to," he said.

Tax factor critic to speak in Huron

Jack Welborn, a Cooper Township resident who fought the Michigan Tax Commission for a public hearing for two years, will speak at tomorrow night's Huron Township Board meeting.

The meeting, changed from tonight to tomorrow, will begin at 7 p.m. in the Hannan Road School.

According to Supervisor George Moore, Welborn will explain to residents his fight and its bearing on them. All interested citizens are urged

to attend the meeting whether or not they live in Huron Township.

In 1971 Welborn filed an appeal to the tax commission on his 1971 equalized factor, stating it was exorbitant. His hearing was denied, and the court of appeals upheld the denial.

The State Supreme Court, however, ordered the tax commission to give Welborn a hearing, the results of which were expected sometime this week.

Junior homeowners help area residents

A new club, which promises not only to be a lot of fun for teenagers but a nice help for many city residents, has been born in Romulus.

Tagged the Romulus Junior Homeowners, the idea for the club was hatched by the Homeowners Club in March, with the idea of letting the teenagers in the community form a club and determine their own activities, hopefully in useful projects.

In the short time in which the club has operated, it has garnered more than \$900 in funds through various

projects, including a car wash, candy sales, donations and various other activities.

Currently the club has been involved in a clean-up campaign. The junior and senior high youths have voluntarily attempted to resurrect an old drainage ditch of Woodmont Road, which had been strewn with debris and garbage.

The club also has mowed lawns for senior citizens and laid sod for another family. A big project for the club will be a dance slated for Aug. 18 at the VFW Hall for all local

teens. The band will start at 7:30 and continue through until 11:30. Tickets will cost \$1.50.

The club is sponsored by Lori and Myron Henson, Club officers are William Thomas, president; Donna Whaling, secretary; and Sherry Cox, refreshment chairman.

Meetings are held weekly at 7 p.m. Friday at 15644 W. St. Anyone wishing information can call 941-6847.

Store robbed of \$288

Two gunmen armed with blue steel revolvers robbed a Romulus party store of nearly \$300 in cash Monday evening.

Wayne County Sheriff's deputies said the holdup occurred at the Quik Pik Food Store, 9279 Wayne Rd., at about 6:30 p.m.

Deputies said one customer and four employees were in the store at the time, but none were hurt.

The thieves reportedly escaped on foot with \$288 in cash.

3-4 years

Romulus man sentenced

A Romulus man believed responsible for a series of burglaries dating back to January of 1971 was sentenced to serve a 3-4 year prison term by a Wayne County Circuit Court judge July 18.

Judge Michael L. Stacey passed the sentence on Virgil Nelson, 25, of 5911 Chamberlain.

Nelson had pleaded guilty to a charge of larceny in a building following his arrest for breaking and entering in April.

Judge Stacey gave Nelson the maximum penalty for the charge. If Nelson had been convicted on the burglary charge, he could have been sentenced to 10 years in prison.

Wayne County Sheriff's detectives feel that Nelson may have committed at least 76 burglaries of homes and businesses between January of 1971 and April.

Detectives said they began their investigation of Nelson following his arrest April 27 and started compiling a list of burglarized dwellings that were traced to him.

An estimated \$600 worth of merchandise was taken from the various homes broken into, detectives said, and the total amount of property believed stolen by Nelson was in excess of one-half million dollars.

Most of the items were household appliances — television sets, radios, stereos and firearms.

Detectives said none of the stolen property had been recovered and added that most of it never would be because it had probably already been sold.

Setting up lottery requires much concern

By DON HOENSHELL, Daily Eagle Lansing Bureau

Gov. William G. Milliken is under the gun to appoint a \$35,000-a-year czar to run the state's new legalized lottery. The law is written in such a way that very little can be done until the head man takes over.

Milliken's advisors are working with a massive organizational chart to get ready for the day Michigan starts selling tickets and collecting \$20 million a year for the treasury.

Insiders guess that the appointment of the director of the lottery will come yet this month and the search, which started with 50 names, is getting feverish.

Milliken himself has been on the telephone with New Jersey Gov. William T. Cahill getting advice on the qualifications of the czar, how the New Jersey lottery is operated and policy suggestions.

"The public has to have confidence in the lottery and its integrity," said a Milliken advisor. "It's got to be wide open in the sense that people know what's going on."

Milliken's task force on the lottery is checking into the possibility of buying some used New Jersey ticket dispensing machines. Another problem is how to print tickets that cannot be counterfeited.

One of the ideas is to print the necessary documents, including tickets, inside Jackson State Prison where security could be achieved easier.

The table of organization draft was prepared by Glenn Goodman, an ex-Army colonel who heads up the Management Sciences Group which was retained by Milliken to help streamline administration in the executive branch.

Milliken is looking for a director who has broad administrative experience, a good knowledge of computer technology, and a public reputation for deep down, locked in integrity.

Experienced hands in government anticipate that the lottery will attract fast-buck artists by the hundreds, each seeking a piece of the action.

The lottery law, implementing the May 16 decision of the voters, is full of holes. For example the lottery will be a separate entity not subject to the auditing and accounting laws controlling other state departments.

Legislators have appropriated only half of the \$35,000 a year director's salary and the pressure for the new man to bend to the whims of lawmakers will be great.

In effect, the legislature has appropriated a \$2.5 million bundle to get the lottery organized, but has put almost no controls on how the money will be spent.

There will be pressure from vendors, multiplied by the political clout they can bring to bear from lawmakers and others.

The new director will not be under state civil service, but will serve at the pleasure of the governor.

It is known that Corrections Director Gus Harrison, now 54, is under consideration, along with other top-level executives

of state government. Harrison will be leaving his own department in November.

Other names in the guessing are former State Police Director Fredrick Davids, now security chief at the University of Michigan; Glenn Allen, Milliken's top legislative aide; U. of M. Economist Paul McCracken and former Rep. Carroll C. Newton, now a deputy state treasurer.

Milliken is being counseled to stay away from the prominent partisans to avoid criticism that will give the lottery a bad start. The appearance of politics as usual would be devastating.

The legislature discarded the idea of a commission to administer the lottery, favoring instead the one-man czar to be appointed by the governor.

And that's another reason for nit-picking caution. In the final analysis, everything leads back to Milliken.

Opinions only Ours... ..Others Enterprise-Roman

Another opinion

State lottery must be model for others

While we question seriously the need of two commissioners, one of them a deputy, to run Michigan's new lottery operation, we can draw some comfort from the fact that key legislators had studied operations in other states to assure Michigan will run its lottery efficiently.

The combined annual salaries of the commissioners, who must be of different political parties, is \$67,500. We are certain that Governor Milliken will exercise good judgment in their selection.

Expecting that Michigan voters would approve the lottery May 16, legislators did their homework on what features to incorporate and which to avoid in setting up the state lottery.

A number of eastern states, among them New Jersey, New Hampshire and New York, now operate lotteries and for the same reason Michigan will, an everlasting shortage of state funds.

Operating a lottery is a public trust. The

operators down to the local level must be persons of indisputable integrity and honesty.

With thousands of capable people out of work and the incentive that these jobs will be permanent and put under the umbrella of civil service, the commissioners must be selective in their choices.

Moreover, the lottery will be useful in channeling the bettors' money out of the hands of those now unlawfully engaged in gambling operations of many kinds. For that reason alone, the lottery will be useful as little of the professional gamblers' earnings are channeled into taxes.

We're also encouraged that less than 15 per cent of the income from the lottery machines will be diverted to administrative costs. The 40 per cent which the state takes will find many uses in the general fund.

We trust that the persons who do gamble will use considerable prudence in their gambling.

Busing is expensive, time consuming, silly

By EDWARD E. MAHALAK, State Representative, 38th District

Many things have been said...all towards the distortion of the true issue. I want to make my position as to busing clear in that I am opposed to the busing of school children across school district lines.

In this election year of 1972, HJR EEE is a fraud being perpetrated on the public by some Lansing politicians who are running for reelection. They know that their proposal can have absolutely no effect on the actions of federal authorities, but they persist in holding out to citizens false hope for their own political exposure. They chose to do something meaningless but political for themselves.

I do not criticize any political figure for opposing busing, but I do criticize him if he makes busing an issue without forcing the problem that created the question of busing. The basic question is this: Do we have equality of opportunity or not?

School busing by itself is expensive, time consuming and silly. To separate from the problem it attempts to solve busing is ridiculous. It is forced upon us by hard facts that will not go away.

Busing in the present context is a federal issue and will be settled accordingly. Many politicians grasping at the nonexistent possibility that a state constitutional amendment against busing would guard against the federal courts. The answer to the anti-busing resolution is politics.

The federal district judge has issued only one order — that of ordering buses and

demanding the State of Michigan pay for them.

As a member of the House of Representatives, I will not nor would I vote to appropriate \$3 million dollars to purchase buses ordered by the federal district judge in Detroit.

The federal district judge can issue opinions, rulings and orders, but he does not have the authority to appropriate state funds to carry out his opinions, rulings and orders.

Our state constitution clearly gives the authority for appropriating state funds to the legislature. Only the legislative branch of government can levy taxes and appropriate state funds.

Therefore, the federal judge can order what he wants. I for one will not vote to appropriate the money to carry out the order by the federal government.

The judges from the U.S. 6th Circuit Court of Appeals have granted a stay on the purchase of these buses.

I am of the opinion that if and when the district judge in Detroit certifies his order that this will be appealed to the 6th Circuit Court of Appeals and he will be reversed.

The district judge finally issued his order and it was appealed to the appeals court and all action busing has stopped pending a hearing by that court.

Before the summer recess, an attempt was made to place before the voters in November the question of property tax relief, plus educational financing reform.

It was a means to save distressed school systems in disastrous financial condition, a means if anybody thought about it to eliminate the necessity of busing. Perhaps the people will fully realize the chances for property tax relief indeed were slim.

Many politicians who have pegged their election to the busing issue chose the route of emotion. Now the chances for property tax relief has some hope. The Michigan Education-Association (MEA) has submitted petitions to place the question on the November ballot.

I would suggest those who are interested in contacting the MEA in Lansing or writing to my office in Lansing to obtain copies of the proposal.

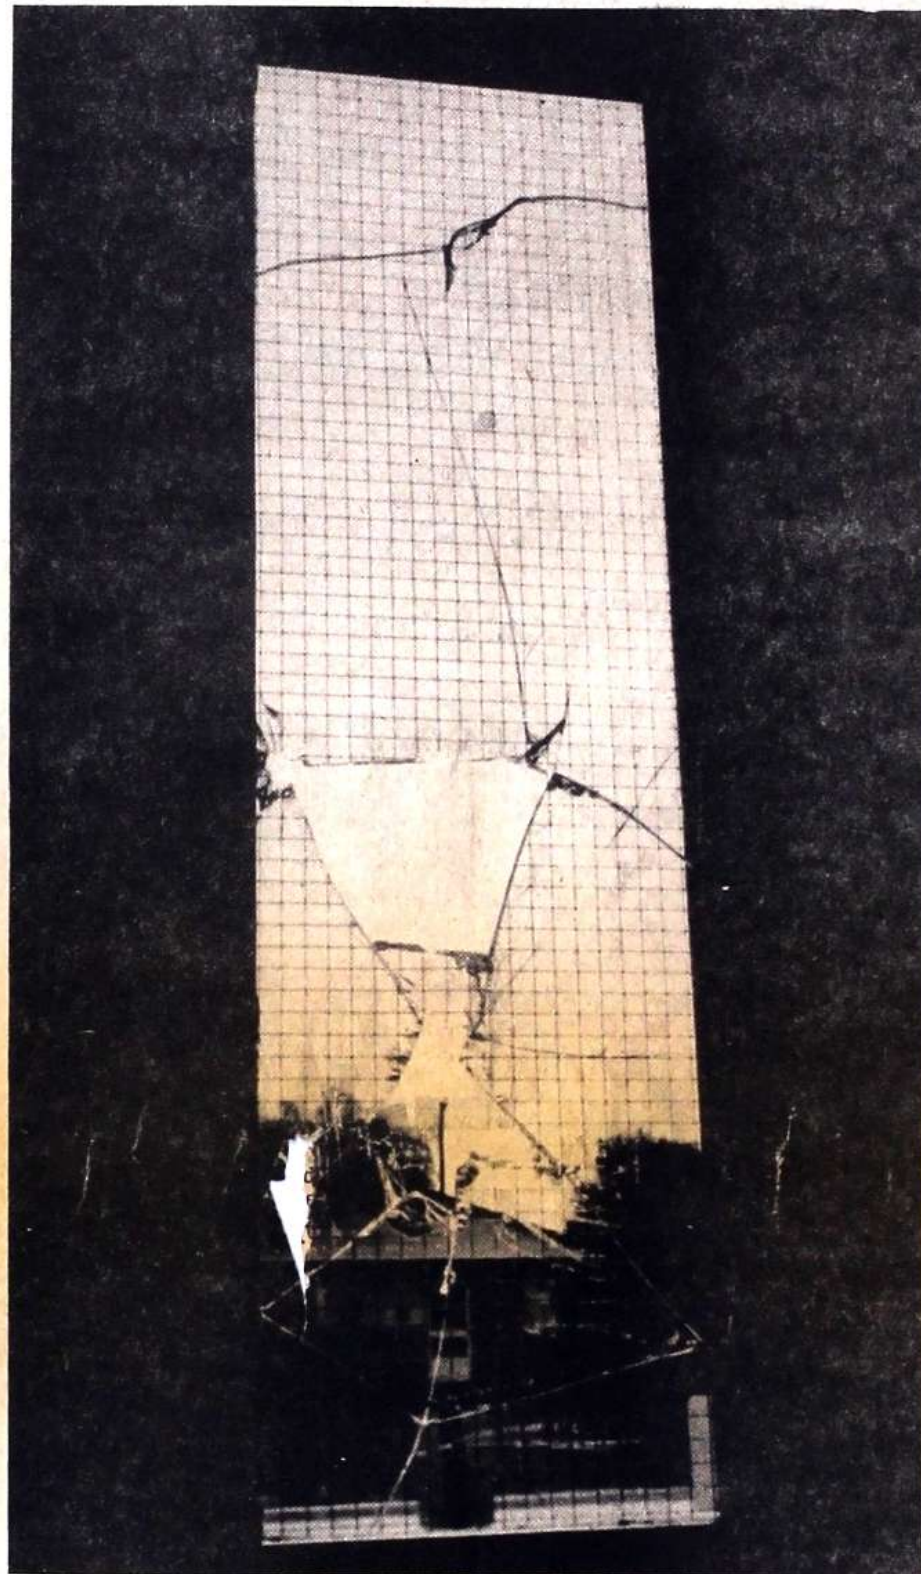

You must compare your decrease in property tax and increase in income tax to determine if you indeed have property tax relief.

Medicare, Medicaid are different programs

By U.S. SEN. ROBERT P. GRIFFIN

Question: For one of the few times in our married life, my wife has asked me a question I can't answer. Can you? What is the difference between Medicare and Medicaid?

N. L., Detroit

Answer: Don't feel bad. You'd be surprised how many people write asking for an explanation of the difference. Medicare is a Federal health insurance program for persons 65 and older, run by the Social Security Administration and financed by payroll taxes and monthly premiums, that pays a major portion of non-custodial hospital and medical bills. Medicaid is a joint Federal-State assistance program which provides medical care for needy and low-income persons regardless of age, including the aged, blind, disabled and families with dependent children. The extent and type of Medicaid coverage varies from state to state. For more information on these two programs you may wish to write for two free booklets: "Medicaid, Medicare: Which is Which" and "Questions and Answers on Medical Assistance—Medicaid." These are available from the Department of HEW, Medical Services Administration, 4609

Question: Our 9th grade civics class is studying how Congress works and I am wondering if you could tell me how many bills does the Congress consider when it meets? How many of these become law?

J. T., Union Lake

Answer: Members of the Senate and the House of Representatives introduced 26,303 bills in the last full Congress (the 91st—1969-1971). By the way, the record for most bills introduced in a single Congress is held by the 61st Congress (1909-1911). The Members of that Congress introduced 44,363 legislative proposals. Of all the bills introduced in Congress, only about 8 per cent ever become law.

Question: I'm a girl and I'm 18 years of age. I want to join

the Armed Services, but I find that a girl cannot enlist without her parents' consent unless she is 21. This is unfair and discriminates against women. Men are allowed to enlist at 18 without their parents' consent. Why not women?

L.P., Detroit

Answer: I must agree that the present law is discriminatory. I feel certain it would be held unconstitutional if and when the Equal Rights Amendment, which already has passed both houses of Congress, is ratified by the legislatures of 3/4 of the states. At this writing 18 states have ratified the amendment. You will be interested to know that a bill (H.R. 11064) has been introduced in Congress to deal specifically with the point by making enlistment ages the same for men and women. You might wish to write to the Chairman of the House Armed Services Committee, Rep. F. Edward Hebert, Rayburn Office Building, Washington, D.C.

Our readers write New resident rues voting 'no' on lake

To the editor:

As a new resident in Van Buren Township, I made a point of registering to vote as soon as I was legally eligible. Feeling very strongly that not only it is my right to vote, it is the duty of every citizen to be informed on the issues and then to cast their ballot. I sincerely regret having voted in the May, 1972 primary.

The main purpose behind this letter is to try and either warn or remind others so that they won't make the same error.

On the day before the May primary, a "fact sheet" was brought into my home. It concerned the acquisition of Belleville Lake and the Edison Pointe Park property. Being quite new to the area, I fell for their story.

Since that time I have found that quite a few of the "facts" that the "Concerned Citizens" were so outspoken about weren't quite so factual. In fact some of it was pretty good fiction. In short, by not following my own rules, not taking the time to properly inform myself and by letting last minute "throw away" junk serve as my guide, I feel that I voted wrongly and that I did my new community a disservice.

On August 8, I'll have an opportunity to redeem myself somewhat. I can't take back my "no" vote, though I'd sure like to. But I can most assuredly take a long hard look at the three township officials who have so desperately blocked the lake.

I may have been misguided in knowing what to vote for or against in May, but I'll have absolutely no problem in knowing exactly who to vote against in August.

Sadder but wiser

Thrift shop motto: People are business

EDITOR'S NOTE: The following poem was written by Mrs. Florence Klein, founder and director of The Helping Hand Thrift Shop in Romulus. The shop has distributed clothing, toys and food items to needy children and adults in Romulus and surrounding communities.

Thank You God for another day;
Keep us in your care, we pray.
Bless our efforts, as we try
To help each person who comes by.

Give us good health to do this task,
When tired, encouragement to last
Long enough to follow through
This work of love we offer You.

Help us, God and give us strength
To assist your needy at any length.
May we combine charity with love
For our fellow man and You above.

Mayor Smith lauded for stadium stand

To the editor:

I hope the people realize there is a candidate for state representative who has proved he is not afraid to fight for the people.

I speak of Belleville Mayor Royce Smith, who had the plain guts to take on all of Wayne County's commissioners and big money interests and win the suit to stop the Wayne County taxpayers from paying for a sports stadium.

We need a man in Lansing who is not afraid to stand up for our rights.

For circuit court bench

Former Plymouth JP enters judge's race

James E. McCarthy, former justice of the peace in Plymouth Township, has announced his candidacy for the newly created Wayne County circuit court judgeship.

Appointed justice of the peace in Plymouth Township in 1967, McCarthy served that community for two years, until the district court system went into effect. Gov. William Milliken appointed McCarthy

a Wayne County public administrator and he is presently serving in that capacity. He is presently maintaining law offices in Livonia and Brighton.

McCarthy was one of the attorneys who represented the citizens in Livonia in a lawsuit against the board of education over half-day sessions in 1969 and 1970.

The State Board of Education ruled that a school day is at least five hours during the course of the lawsuit, negating half-day sessions in the district.

Born in Brooklyn, N.Y., 43 years ago, McCarthy is married and the father of two children. He has been a resident of Wayne County for the past 18 years, living in Plymouth Township for the last seven.

He is a graduate of Purdue University, receiving his law degree from Wayne State University.

McCarthy is a member of the Michigan Bar Association, the Livonia Bar, the Livingston County Bar, and American Judicature Society, Phi Alpha Delta Law Fraternity and the American Arbitration Association.

He is also a member of the Plymouth Lions, Elks, Knights of Columbus and the Disabled American Veterans. He has been director of the Plymouth Township Homeowners Improvement Association for the past four years.

Lavin will speak at the Wayne-Ford Civic League Hall, 1661 N. Wayne Rd., Westland, starting at 8:30 p.m.

Chizmar joins Kiwanis

William Chizmar, principal of the Elwell Elementary School, has been accepted into membership of the Belleville Kiwanis Club.

Chizmar, who resides at 44370 Harmony Lane, Belleville, was initiated into the club at the recent dinner-meeting held at Vigo's in Ypsilanti.

Highway fatalities climb but death rate falls

Thanks to a special federal traffic safety grant, Michigan State Police will be increasing highway traffic patrols on weekends.

The state office of Highway Safety Planning announced last week that Michigan has been awarded \$300,000 for state police overtime pay which will increase weekend patrol by 60 officers, or 32 extra units.

The grant lasts until

December, and is intended to demonstrate the idea that state police can improve traffic safety by making better use of existing manpower and facilities.

According to state police, the expanded patrols will be aimed at combatting accidents in the counties of Macomb, Cass, Huron, Sanilac, St. Clair, Berrien, Tuscola, Hillsdale, Eaton and Monroe.

A Highway Department analysis of traffic accident records pinpointed the counties as trouble spots and

as areas where more patrols are needed.

The state police have reported a 5.2 per cent increase in traffic deaths this year over last year, and the extra patrols will be used in an attempt to bring the death toll down.

As of July 16, 1,117 persons were killed on Michigan roads, as opposed to 1,062 at the same time last year.

The state police have made 32,381 traffic violation arrests so far this year, more than double the number made a year ago at this time.

STUDIES MATH IN WILDERNESS — Huron High School senior Mary Bialas (center) of 19638 Savage Rd., Belleville measures pine trees with Jeff Mono of Bay

City while Larry Starr, math instructor at the Interlochen summer science institute looks on.

Huron student learns amid northern beauty

A Belleville girl has the dual advantage of seeing the beauty of northern Michigan this summer in addition to picking up some valuable credit in math and science.

The National Music Camp, best known for its music and arts programs, also offers high school students a natural laboratory for field work in math and science.

It is this program which keeps Mary Bialas, daughter of Mr. and Mrs. John Bialas, 19638 Savage Rd., in Interlochen for part of her vacation this year.

A senior at Huron High School, Miss Bialas is interested in entering some field of medicine.

The camp's location in northern Michigan allows study of forests, sand dune areas, lake and bog habitats and grasslands. The camp, located on two lakes, is 15 miles from Lake Michigan.

The summer science institute, now in its second summer, is housed in Interlochen Arts Academy's Dow Science Building. Summer

courses are taught by Academy faculty members Lawrence Starr, Richard Parks and Carl Scheffler.

The academy is a year-round high school stressing the performing arts, offers academic credit for the summer program.

Starr, head of the math department, has developed a mathematics project for the summer which takes advantage of the forests surrounding the camp. The students are measuring the white and red pine trees in the area to determine the correlation between height and girth of two types of pine.

Ultimately, they hope to develop a formula for determining the height of a pine tree by measuring the girth of its trunk. The students are divided into two lab groups of three or four students each.

This low student to teacher ratio allows for individualized instruction and also gives each student a chance to actively participate.

Hoag-Bullard engagement is announced

St. Andrew's Church in Ann Arbor has been reserved for the September 23 wedding of Phyllis Diane Hoag and David Bullard, both of Ann Arbor.

Their engagement and nuptial date are announced by Mr. and Mrs. Jerry Maton of Belleville, parents of the bride-elect, who is a 1966 graduate of Belleville High School. An alumna of Jones School of Nursing in Ann Arbor, Miss Hoag is employed as a licensed practical nurse at St. Joseph Mercy Hospital.

Her fiancé, son of Mr. and Mrs. M.D. Bullard, Jr. of Ann Arbor, was graduated from Ann Arbor High School and is employed at Thetford Corporation in Dexter.

'On the level' with labeling

In cooperation with national meat and food industry organizations, more and more meat retailers throughout the country are adopting uniform meat identification labeling programs. Designed to provide meaningful specific information for consumers, the voluntary meat industry program identifies each cut as to type of meat (beef, pork, veal, lamb), the primal cut from which it comes (chuck, loin, round, etc.) and the retail name of the cut (pot-roast, steak, chop, etc.) plus recommended cooking methods. Example: "Beef Chuck Pot-Roast (Braise)." In addition, carcass identification charts for each type of meat would be on display showing where each primal and retail cut is located.

Vacation tips for hay fever sufferers

Perennial hay fever sufferers would do well to consult more than travel folders when planning their vacations. Some of the following suggestions come from a brochure made available by a medical center concerned with the study of allergic diseases. They are offered specifically for the hay fever victim with the hope of making his holidays happier:

If travel by automobile is being considered, one that is air-conditioned is best. Otherwise, those affected should sit near a closed window. Convertible tops should be kept up.

Seashore vacations are a wise choice, but only when the breeze comes from the ocean. Breezes coming from land carry pollen. Consider, too, that individuals with mold allergies may find damp, musty ocean front houses a source of discomfort.

A farm vacation is usually advised against.

Those allergic to feathers are well-advised to pack along a foam rubber or dacron pillow.

Keep in mind that partying is fun, but that alcohol tends to dilate blood vessels, just as pollens do. It is also best to keep from getting overly fatigued.

Nose clips should be worn when swimming in chlorinated water.

As a safeguard, bring with you medications your physician may have recommended. Although a nasal spray such as NTZ, Neo-Synephrine nose drops, and many brands of eye drops are usually available at the drug store near hotel or cottage, your need for fast relief of the annoying symptoms, and the local pharmacist's hours may not coincide. Other medications may require a prescription. It is a good idea to have duplicate prescriptions, and additional quantities of the medications.

And, should you have the choice, arrange to go on vacation during the hay fever season. There are many areas of the U.S. that are relatively pollen-free.

Dry skin 'special'

BY MARY SUE MILLER

Heat, sun, wind and air pollution work havoc on already drying skin during the summer months. It is then skins are exposed to outdoor conditions more often and for longer periods.

Skin-care experts have found that a suitable facial mask, applied once or twice weekly through the summer season, improves the quality of the complexion. Mind you, a mask cannot remove wrinkles, but it can soften lines temporarily. The type of mask for the job "hardens" soon after applications and so decreases puffiness too.

Let's have a look at other types and the new services performed. New herbal masks soothe and moisturize. Superficial peeling treatments help to cleanse, remove flakes and refine pores. For bringing up circulation and color, there are honey masks and masky creams.

Sounding anachronistic, a mask containing cod liver oil promises to relieve stubborn dry areas. A hypo-allergenic mask, the least expected product, has come along bringing a deep-cleansing to the under skin and roses to the cheeks.

Not the least advantage of masking is that you lie down for a bit while the treatment takes effect. And here's where you have a great summertime fatigue chaser.

Tanning: Keep your head

A golden tan can make your hair look dull by comparison. The solution? Make your hair as ravishing as your skin. Hair coloring kits like Nice-n Easy give you color that becomes part of you and your summer scene, not the other way around. They let you be you, only better. And you can forget those old wives' tales that warned you never to go into the sun without a hat or scarf if you color your hair! Noted haircolorists believe that barcheaded is better. The perspiration caused by a headcovering can be more harmful to your carefully chosen hair color than sunlight.

For your recipe file

Cherry conserve

During the summer months, the ripe fruits of the season abound in produce stands and retail stores throughout the country. It's a great time to preserve the season's ripe sweet cherries turning them into a classic conserve. (A conserve is a combination of fruits plus nuts and/or raisins.)

Cherry Conserve is a delightful mixture of the cherries, lemon juice and rind, raisins, chopped nuts, and sugar. The magic ingredient is Certo Fruit Pectin, which, used in correct proportion to the other ingredients, will insure fast jelling. With this liquid fruit pectin, you can use your favorite fruit at the peak of ripeness.

Be creative with this classic recipe for your own homemade conserve. You'll be enjoying the flavor of fresh sweet cherries all year long.

Cherry Conserve

4 cups prepared fruit (about 3 lb. fully ripe sweet cherries)
 1/4 cup lemon juice (2 lemons)
 1 tablespoon grated lemon rind
 1/2 pound chopped seeded raisins
 1 cup finely chopped nuts
 7 cups (3 lb.) sugar
 1 bottle (6 fl. oz.) liquid fruit pectin

First prepare the fruit. Stem and pit about 3 pounds sweet cherries. Chop fine. Measure 4 cups into a very large saucepan. Squeeze juice from lemons; add 1/4 cup to fruit with rind, raisins, and nuts.

Then make the conserve. Thoroughly mix sugar into fruit in saucepan. Place over high heat, bring to a full rolling boil, and boil hard 1 minute, stirring constantly. Remove from heat and at once stir in fruit pectin. Skim off foam with metal spoon. Then stir and skim for 5 minutes to cool slightly and prevent floating fruit. Ladle quickly into glasses. Cover at once with 1/2 inch hot paraffin. Makes 10 3/4 cups or about 13 (6-oz.) glasses.

Note: To enhance cherry flavor, add 1/4 teaspoon almond extract before ladling conserve.

No-Paraffin Method

To use half-pint jars with two-piece metal caps, cook conserve as directed in recipe. Remove from heat. Quickly skim off foam with metal spoon. Pour boiling hot conserve into all the jars, leaving 1/2-inch space at top. Place lid of two-piece metal cap on each jar and screw on band very tightly; then invert jar. Repeat with remaining jars. When all jars have been sealed, stand them upright and several inches apart to cool. Shake gently after 30 minutes to prevent floating fruit.

THINK AHEAD — During June and July, produce stands in most parts of the country will be overflowing with good supplies of ripe sweet cherries. Turn a few pounds of them into a classic Cherry Conserve, which will make an ideal accompaniment for autumn's roasts and game. (Courtesy Certo Fruit Pectin.)

When the children are out of school for summer vacation, let them help cook. They'll enjoy fixing their own lunch when a tasty but easy recipe is provided! Let them slice frankfurters in thin circles and places on bread slices spread with butter, margarine or mustard. Next, the sandwiches are topped with cheese slices, either American or Swiss, before they go under the broiler until the cheese is bubbly hot.

FICTION

"The Blue Heaven Bends Over All" by Jane Oliver. Historical novel about the life of Sir Walter Scott.

"Of Love Remembered" by Ethel Delston. A love story in which Charlotte's child is born when her husband, Matt, is missing and finally declared dead.

"Invaders from Space: Ten Stories of Science Fiction" by Robert Silverberg. These stories are about alien visitors to earth, ranging from worm-like warmakers to metallic giants.

"Box 100" by Frank Leonard. Ross Franklin, investigating the large scale theft of welfare checks in New York City, triggers off a series of incidents that lead to violent death and uncover mammoth corruption.

"The Runaway's Diary" by Marilyn Harris. A diary of a young girl's experiences during the three months she spends in Canada after running away from her troubled home.

"A Sybaritic Death" by Alexandra Roudybush. Clare Prestwick, widow of both a Mafia boss and an American multimillionaire, acts as go-between in an illegal business deal. When she is reported missing somewhere in Turkey, and then found dead, the F.B.I. is intrigued.

"The Seventh Sinner" by Elizabeth Peters. A murder mystery set in Rome, and a murder that takes place in the underground passages of San Clemente, an ancient church.

ROMULUS LIBRARY

NON-FICTION

"What Computers Can't Do: a Critique of Artificial Reason" by Hubert L. Dreyfus. Presents a comprehensive study of man and his mind, challenging major assumptions regarding the scope and limits of artificial intelligence.

"The Hindenburg: Illustrated with Photographs" by Michael MacDonald Mooney. In 1937 the German

Zeppelin Hindenburg exploded prior to landing at Lakehurst, New Jersey. Although the official investigation concluded that static electricity caused the disaster, the author suggests that an anti-Nazi planted a bomb in an act of political sabotage.

"A Lion Called Christian" by Anthony Bourke. The true story of two boys who bought an amiable lion cub in Harrods, raised it in an antique shop in Chelsea, moved with their half-grown lion to the country home of Bill Travers (of "Born Free") and from there accompanied it to Kenya, where "Christian" became a member of George Adamson's pride of lions.

FICTION

"The Dead of the House" by Hannah Green. Past and present are mingled poetically in this chronicle of the Nye family of Ohio.

"The Blue Knight" by Joseph Wambaugh. A realistic novel about an average cop on the beat by the author of "The New Centurions."

"My Name is Asher Lev" by Chaim Potok. Asher Lev is, by his intensely religious Jewish family's standards, an odd little boy. He is interested in only one thing — drawing and then painting.

Tips on canning low-acid tomatoes

You tried those new low-acid tomatoes last year, canned them just like you've always done — and they spoiled.

Don't blame the tomatoes. Try them again, but can them under pressure, advises Marilyn Mook, foods and nutrition specialist at Michigan State University.

Low-acid tomatoes must be canned like any other low-acid vegetable, Miss Mook says, and that is under pressure. If

No sogginess

Spread softened butter or margarine, peanut butter or softened cream cheese right to the edges of bread before adding sandwich spreads. This keeps the bread from getting soggy.

they are canned by the hot water bath method, they will not keep.

For canned tomatoes that will keep, she advises following these steps:

Hot pack the tomatoes. To do this, first peel and quarter the tomatoes and then bring them to a boil, stirring to keep them from sticking. Pack them boiling hot into jars to within one-half inch of the top. Add one-half teaspoon salt to pint jars, one teaspoon to quarts.

After adjusting the jar lids, process the jars in a pressure canner at five pounds pressure, pints for 10 minutes, quarts for 15.

"If you follow these recommendations," she says, "low-acid canned tomatoes will keep very well."

HCMA seeks county support for tax hike

The Huron-Clinton Metropolitan Authority (HCMA), the regional park agency serving the five-county Detroit metropolitan area, is seeking voter permission in August to increase its property tax levy for a 20-year expansion program.

To carry out the proposed expansion, residents of Wayne, Oakland, Macomb, Washtenaw and Livingston counties will be asked to approve an increase in the current .25 mill property tax to .5 mill which would be levied above and beyond the 15-mill county tax limit.

Harry Whitney of the Citizens Committee for Continuing Progress in Recreation and David O. Laidlaw, HCMA director, explained the expansion plans Tuesday to members of the Wayne Rotary Club.

The HCMA plan is to develop at least three new metropolitan parks in the five-county area within the next 15 to 20 years and to lease and rebuild Belle Isle Park as a metropolitan park.

"We propose to double the park area to keep pace with the population by 1990," said Whitney.

According to Laidlaw, the Authority should have 35,000 park acres by 1990 to fulfill its role of supplying intensively used regional facilities. Currently, the Authority owns approximately 17,800 acres of park land at 10 Metro Park sites.

HCMA officials maintain that the 10 Metro Park sites are being used to capacity with more than 9.5 million persons visiting the parks last year.

The Lower Huron Metropolitan Park near Belleville is one of the 10 Metro Parks. Others are Metropolitan Beach, Stoney Creek,

Marshbank, Kensington, Hudson Mills, Dexter-Huron, Delhi, Willow and Oakwoods.

The property tax increase proposal for Metropolitan Parks will appear on the Aug. 8 primary ballot as Proposal D.

The three new planned Metro parks would be located in Macomb, Oakland and Washtenaw counties.

A fourth park site in southeastern Wayne County has been under consideration since 1960, but HCMA officials say development of this site is still 10 to 15 years away at best.

Dr. Conklin named to 'Who's Who in America'

The latest edition of "Who's Who in America" features an area person. Dr. Emma Jane Conklin, director of the hospital and long term care facility at Wayne County General Hospital made the list, which features such personalities as Germaine Greer, Betty

Friedan, and Apollo 15 astronaut Alfred Worden. A life-long resident of Detroit, Dr. Conklin graduated from St. Theresa High School in 1941, and received her bachelor's degree from the University of Detroit in 1945. Dr. Conklin received her

medical degree from the University of Michigan in 1949, and after internship in St. Louis, returned to the Detroit area and joined the medical staff of Wayne County General Hospital.

At the hospital, Dr. Conklin rose from a resident status to

a chief of residents in the medical division in 1953. In 1955, she became the assistant director of the infirmary division, retaining the post until 1965, when she assumed her present position.

Dr. Conklin specialized in nuclear medicine until she

joined the administrative staff of the hospital.

She claims her position as chief administrator of the general hospital and long term care facility at Wayne County General Hospital is not unusual.

"There are actually quite a

few women in hospital administration," she explained. "Most of your Catholic hospitals have women who happen to be nuns in charge of the facility."

She claims to have gotten into hospital administration almost by accident.

"When they needed an administrator, I happened to be willing when no one else was able to do the job," she said.

In her position as chief administrator, she finds herself above her husband on the hospital organizational chart. Dr. Norman A. Nelson,

director of the department of hematology at Wayne County, is her husband.

"I'm not his boss, though," she said. "Actually, in a hospital, there isn't the boss-employee relationship. We generally rely on mutual cooperation to get things done."

Mr. and Mrs. John Nairemore of 14054 Huron River Drive South are announcing the arrival of their second son, Christopher Trent. The new baby arrived July 17, and weighed 6 pounds, 1 1/4 ounces.

Mrs. Ida Klages and Miss Violette Klages of Sterling Street participated in a recent

Senior Citizens trip, which took them on a tour of the Jiffy Cake Mix plant and the Chelsea Methodist Home where they visited friends, Rose Anderson and Imogene Cole.

Former Walnut Street residents, Mr. and Mrs. Herbert Heilig, announce the birth of their first daughter on

July 15. The Heiligs, who have five sons, Ron, Bob, Steve, Mike and Dave, live in Sanford, located west of Midland.

Physical forms for 4-H members who will be staying at the fairgrounds during the Wayne County 4-H Fair (August 15 through 20) are available at the 4-H office. If you already have yours, but

find that it only has one side, not two, you are advised to apply at the 4-H office for a new one.

Stacey, 2. The new arrival was named Carol Ann.

Mr. and Mrs. Kenneth Eves of Huron River Drive South are home after a two-week vacation in Florida. They visited their son, Kenneth Jr., and family in Clearwater and did a bit of sightseeing, including the new Disney World.

It was a successful and happy day for Eugene (Santa) Gribble Sunday when the "Christmas in July" benefit horse show was held in his honor at the 4-H Fairgrounds on Quirk Road.

In spite of the heat, more than 100 horses and their riders participated in the show and quite a number of local persons attended as spectators. Mr. Gribble, himself, was able to be present, sitting alongside his house trailer with his wife and guests for a good portion of the show and resting inside when he tired.

Local adults interested in participating in the Adult Education program this fall at Romulus High School are invited to call the Romulus Board of Education Offices, 941-1600, ext. 37 any time throughout the summer for further information.

The program offers an opportunity for adults to attend free classes to earn their high school diplomas if they are seeking one; or there are adult basic education classes, or special interest classes offered in cake decorating, yoga, karate, sewing and the like.

A GED Test program is also offered several times a year and a high school equivalency certificate awarded those who successfully complete the exam. Wayne County Community College also sponsors certain college credit classes at the high school.

Her grandchildren and a few friends helped Mrs. Bertha Leonard celebrate her 79th birthday last Sunday at her home on Goddard Road. Her granddaughters, Mrs. Marie Dykosi of Ann Arbor and Mrs. Flora Enzer of Ypsilanti, brought a birthday cake and ice cream to surprise their grandma on this happy occasion.

Troop honors winners

Scout Troop 793, sponsored by St. Anthony Church of Belleville, held a Court of Honor July 24.

Tenderfoot awards were presented to John Allen, Patrick Clay, John Delaney, Bill Doan, Stephen Doerner, Paul Elden, Allen Hardy, John Kandler and Steven Schank. Second class was earned by Pat Clay, Robert Dillon, Chris Liedel, Brian Clark, Robert Morris, and Steve Schank.

LIONS FLOAT ALONG — The Belleville Lions Club recently held its annual float-boat meeting, sailing from the dock of vice president Helmuth Weiss following a barbecued chicken dinner. The club discussed projects for the coming year during the special meeting.

Belleville woman quiet on election

Gov. George C. Wallace would have had a better chance to capture the Democratic nomination for president had the issue gone to a second ballot at the Florida convention, according to a Belleville woman who headed Wallace's campaign in Michigan.

Mrs. Josephine Chapman of 259 E. Huron River Dr. just missed out recently on being elected national party committeewoman for Michigan. Mrs. Helen Irving, a McGovern backer, outlasted Mrs. Chapman by a 75-53 second-round ballot.

The outcome dispelled earlier speculation that Mrs. Chapman would be helped to claim the committeewoman's seat as a gesture of conciliation by party regulars.

According to Mrs. Chapman, wife of Dr. Forrest Chapman and the mother of three sons, about 10 "ringers" — alleged Wallace backers — voted for Mrs. Irving.

The delegate called the convention "so cut and dried it was unbelievable."

She said she felt most of the McGovern backers are not the middle class Americans, but the college students "bound and determined to get revolution."

A survey showed, she said, that Wallace had the support of the younger generation also, but the working people, not the students.

Mrs. Chapman indicated she would stick to the local candidates now that McGovern was the Democratic nominee, but added that we should "wait until tomorrow" to see what might come up in the election. She did not comment on whether or not she thought Wallace might run on another ticket.

Pack tours plant

A tour of the Ford Rouge plant today is only one of the activities planned for the members of Cub Pack 830 of the Hayti Elementary School area.

Already this summer pack members have taken part in a parade, toured a soft drink plant and are making plans for a picnic to be held in August.

Among those to receive honors and awards were Pat Smith, Bear Badge; Willie Thomas and Norman Hotchkiss, Recruiters Badge, and

Tony Lewis, John Gray, Willie Thomas, Mark Nefsey and Greg Losacco, all of whom received Silver Arrows.

Webelos awards of outdoorsman and athlete went to John Bozelak. Perfect attendance awards went to Dale Maitland and John Bozelak, while Pat Smith and Tod Burdick earned prizes for selling Scoutarama tickets.

Kevin Morgel and Jeff Suessine entered Webelos. Mrs. Nolene Suessine received a Den Leader Coach Badge.

Floating meeting held

The Belleville Lions Club held its annual float-boat meeting on July 12, sailing from the dock of vice president Helmuth Weiss. The club discussed projects for the coming year following a barbecued chicken dinner. Lions Clubs all over the world are dedicated to sight conservation and services for the blind.

Through the generosity of Belleville area people, the local club was able to make substantial contributions to the Leaderdog School for the Blind in Rochester, Welcome Home for the Blind in Grand Rapids, Penrichton School for Visually Handicapped Children, Michigan Lions Eye Bank, and many other projects.

Men 18 and over who are interested in serving should contact a local Lions member.

The club meets for dinner on the second and fourth Wednesdays of the month at 7 p.m. in Rogalle's Lounge.

Van Buren candidates answer questionnaire

SUPERVISOR (Republican)
 Lawrence H. Krantz, 12300 Lakepointe Pass, has lived in the community for 10 years, seven at his present address. In 1956 he was graduated from the Electronics Institute of Detroit with a degree in electronics engineering and in 1968 received a B.A. in business administration from the Detroit Institute of Technology. He owns Belleville Expressway Union Oil Service at Belleville Road and the I-94 Expressway. He also holds a real estate broker's license. He is 41 and has a 17-year-old daughter, Gwendolyn L., who attends Belleville High School. In 1970 he ran unsuccessfully for the supervisor's post. He is a member of the Belleville Area Chamber of Commerce and formerly belonged to the Belleville Kiwanis. He served as chairman of the action committee while in the Kiwanis and is a member of the board for the Chamber. He served in the U.S. Navy from 1949-52 and is a Korean War veteran.

LAWRENCE H. KRANTZ

G. ELTON GOLLWITZER

Question 1: I decided to seek public office in the hope that I might contribute toward the betterment and future advancement of Van Buren Township.

Question 2: I feel I am qualified to fill the position of supervisor for a number of reasons. Namely, I feel my formal educational qualifications as indicated are adequate. Secondly, I feel my

past business experience lends itself well for this responsibility. I acquired four years' experience in personnel administration while serving in the U.S. Navy. I have 11 years' managerial and administrative experience resulting from employment with two major oil companies, Texaco and Pure Oil Co. I have been successfully self-employed within the township some 10 years this August as owner of Union 76, located at Belleville Road and I-94. I am also a real estate broker and of course this license will be placed in escrow if I am elected. As of September, I will be able to devote full time to the township business as the state has issued notice to vacate my business premises for the upcoming expansion of the Belleville Road and I-94 interchange.

Question 3: Implementation of plans to provide a business trading area within the township, Willow Run Airport expansion, Edison Lake park and dam acquisition.

I see cooperation as keynote to issues.

SUPERVISOR (Republican)

George Elton Gollwitzer, supervisor for the past two years, has lived in Van Buren Township for 12 years. The 61-year-old candidate has a bachelor's and master's degree in engineering from Michigan State University. He and his wife, Margaret, live at 44345 Harmony Lane, and are the parents of two daughters, Gretchen, 20, and Brenda, 17. He is a member of the Rotary Club, of which he has served as secretary, vice-president and president.

Answer 1: Originally, to try to provide a better township government. Since only three were elected in 1970, the job still isn't done. I'm seeking reelection to finish the job.

Answer 2: By doing it for nearly two years, I know what

should be done. With reasonable cooperation, I know I can do it.

Answer 3: Basically, the big issue is whether or not Van Buren is going to be run by outside forces. By running our own, we can stop the blighting effects of the airport, control our growth, and use some of our area for recreation. If we have outside special interest control, our township will simply be used by others.

Airport: We should stop the "super" plan of the county. This may have to be done at the federal level where the money comes from. The present airport should be improved within its present confines. We need a lot more than lip service on this issue.

Park and lake gift: We should accept this as the valuable gift and then go to work to develop the property or dispose of parts of it as best suits the township.

Interceptor sewer: We should do what we can to encourage this for reducing pollution. Meantime, we should take the steps we can to provide sewer service to the southern part of the township.

SUPERVISOR (Democrat)

Joseph Hogan of 46200 Hull Rd., running unopposed for the Democratic nomination, did not respond to the questionnaire.

TREASURER (Democrat)

Frederick P. Birk, 6208 Western, has served as township treasurer since 1963 and previously was deputy clerk from 1957-61. He attended Cleary College, receiving a certificate in business administration and has lived in the community for 36 years, eight at his present address. The 38-year-old incumbent is married. He is a member of the Wayne County Treasurer's Association, 15th District Democratic Party, Democratic State Central Committee of Michigan, Democratic National Committee, Huron Valley Conservation Association, St. Paul's Lutheran Church of Belleville and the Van Buren-Belleview Democratic Club. He presently serves as

FREDERICK P. BIRK

president of the Wayne County Treasurer's Association and is a former member and secretary of the Belleville Jaycees.

Answer 1: Enjoy working with the public and all the fine citizens of our community and helping our citizens solve their problems to the best of my ability as I have in the past nine years, serving as your township treasurer. Will also do whatever I can in regards to the tax structure for senior citizens and veterans.

Answer 2: My past nine years experience as township treasurer and my schooling that I have had. Also, the opportunity that was given to me by the voters of Van Buren Township.

Answer 3: Proposed expansion of Willow Run Airport — it would create a problem for the people involved in the area, so therefore I would be opposed to the expansion. I feel we need some type of tax reform. I will do whatever I can to carry out this type of program.

TREASURER (Republican)

Ralph E. Hedman, 10000 Jackson St., has lived in the community for one year, coming from Ferndale. A polisher with Ford Motor Co.'s Wixom Assembly Plant, he

RALPH E. HEDMAN

attended the Ruth Dorsey Business School and Pontiac Business Institute. The 41-year-old candidate and his wife, Carol, are the parents of eight children, all living at home. Prior to moving to Van Buren, he was active in Little League baseball and Flag Football in the Ferndale area, managing teams in both sports for six years. He is a service officer for Chapter 120, Wayne, Disabled American Veterans, and belongs to the American Legion Post 374, Berkley, and Post 111, Wayne, and the Citizens Recreation Committee. He has served as adjutant, treasurer and executive committeeman of the Wayne DAV and chapter representative in the Nor-Wayne Council of Social Service. He served as a crash firefighter and gunner during the Korean War and was stationed with the U.S. Air Force in Germany during the Berlin Airlift in 1948-49.

Answer 1: I feel that it is high time that the people had a treasurer who was concerned with the well-being of their financial affairs and if given the opportunity, I feel that I am qualified to do the job.

Answer 2: With an educational major in accounting along with bookkeeping experience in business and retail management.

Answer 3: The return of the people's wishes and voice towards the better operation of the township. My opinion is that the township is the people and they are the ones to control the direction the township takes.

TREASURER (Republican)

Ralph Douglas Hendrix of 12781 Lake Pointe Pass has lived in the township for 11 years, six months at his present address. A graduate of General Motors Institute with a bachelor's degree in industrial engineering, he is employed as a supervisor at Hydra-Matic Division of

RALPH D. HENDRIX

General Motors. The 23-year-old candidate and his wife, Debra, have a five-month-old son, Jason. He was active in clubs at Belleville High School and General Motors Institute.

Answer 1: This township is growing rapidly. Along with this growth comes greater financial responsibility. As a concerned resident of the township I am interested in gaining some "first hand" experience in its government. Not only will I benefit the township by providing a more efficient and accurate handling of its finances, but I will also better myself through this experience.

Answer 2: The intense four-year business and technical education I underwent at General Motors Institute will be a valuable aid in the financial duties of treasurer. My practical business training for the past five years at Hydra-Matic Division of G.M. will also be an additional asset. A final consideration that should not be overlooked is that I am a concerned resident of the township and sincere in my wish to improve its government.

Answer 3: Unfortunately, the major issue at this time appears to be whether or not to accept Detroit Edison's offer of the park located on Belleville Lake. I don't feel this should be a political issue because the answer should be so obvious. This park would definitely be an asset to the community. If this park were offered to other communities, as it may well be, I am sure they would not decline this offer. Approval of the park may also be an effective way to prevent the proposed expansion of the Willow Run Airport. Establishment of a public park in the vicinity of the airport might effectively obstruct new flight patterns which would accompany the expansion.

TREASURER (Democrat)

Mrs. Dorothy York of 6208 Western, did not respond to the questionnaire.

CLERK (Republican)

Mrs. Patricia Cullin of 13375 Lenmore did not respond to the questionnaire.

CLERK (Democrat)

Verna L. Kobish, 46811 Ecorse Rd., currently serves as secretary to the township clerk and the police department. A resident of this community for 27 years, was graduated from Belleville High School in 1963 and attended Eastern Michigan University and Cleary College. A member of the Belleville-Van Buren Democratic Club, Mrs. Kobish, who is 27, is also a former Girl Scout leader. She is married to Douglas A. Kobish.

Answer 1: With recent legislation lowering the voting age to 18 years old, I feel a need for younger people to take more interest in local government. The era we are in today warrants the knowledge of the younger generation. Being part of the younger generation and also being knowledgeable in many areas of township government, I felt qualified to run for the office of clerk for Van Buren Township.

Answer 2: I have worked closely with Erma J. Payne, present clerk of Van Buren Township, for the past 3½ years. I have been secretary to the planning commission and currently am the secretary to the township board. I am secretary to the police department and have been sworn as an officer unable to carry out with more efficiency the duties required of me. I have been given complete charge of the voting records and precincts. I have worked with an had complete charge of the board of review records, including the personal property statements. In the past 3½ years I have been secretary to the clerk and until recently also the township supervisor. I have been the only employee that is able to work in all departments. I have taken care of the treasurer's office and building departments during vacation time, and lended assistance in the water department. Thus, I have knowledge of all offices in the township government.

Answer 3: As a young person who was born and raised in Van Buren Township, I feel that we are in great need of adequate recreation. We need more than a few ball diamonds that are primarily used by leagues, one tennis court and during the winter a few sparsely located skating rinks. We have township funds that can only be used for recreation and I feel that some of these funds should be used to start a lasting recreation program for the youth of today and tomorrow. On the May election an overwhelming majority showed its disfavor with the expansion of the Willow Run Airport. I also voted no on the expansion and feel that we should do everything in our power to fight the expansion of this part of the community.

I also feel that with the great growth of Van Buren Township in the past few years with more to come, we are in need of a fulltime police and fire departments. This area should be looked into and studied by the Township Board as a possible improvement.

(Continued from page 12)

CLERK (Republican)
George Wesley Owen, 41405 Edison Lake Rd., has been a resident of Van Buren Township for 22 years, 17 at his current address. An insurance representative with Alexander Hamilton Life Insurance Co., he attended Henry Ford Trade School. The 45-year-old candidate and his wife, Clara, have six children. He is a member of the Loyal Order of Moose and the Huron Valley Conservation Association, serving as a junior governor in the Moose and membership secretary in the HVCA. He served in the U.S. Navy in 1944.

VERNA L. KOBISH

GEORGE WESLEY OWEN

School, Cherry Point Marine Corps Air Station, N.C. I receive active duty training in police work two weeks every year. With these qualifications, I feel I am qualified to hold the office of constable or perform any other law enforcement duties.

Answer 3: I feel the main issue in this election will be the lake and park that has been offered by the Detroit Edison Co. I feel very strongly in favor of accepting this offer. The people in this community, especially our youth, are in need of recreation facilities. This park could provide this for all Van Buren residents.

GARY R. BORDEAU

GEORGE A. HEIFNER JR.

WILLIAM L. HILDEN

Motor Vehicle Code and a liberal understanding of the Michigan compiled laws.

Answer 2: Because I have had 4½ years of experience in law enforcement. Also the fact that I have been able to communicate and understand and have the respect of the younger generation that I have worked with.

Answer 3: 1. Airport: with the Wayne County Road Commission backing the expansion of the airport there is no way I can see that a small municipality like Van Buren Township can stand in the way of the projected future that the road commission has set forth for this community.

2. Edison Lake proposal: it's my opinion that if the city of Belleville and Van Buren Township don't get together and accept the proposal brought forth by the Detroit Edison Company to accept Edison Lake, there is a possibility that some outlying municipality might be given the same offer that we have been given and, instead of mulling over the issue, could accept the Detroit Edison Proposal and claim the recreational revenues from the lake instead of us.

Answer 1: After living in this community 17 years and seeing so much of the same thing, I feel we're more than ready for a change. I attended the last two meetings involving the lake proposal and decided that there had to be a better way of expressing your feelings, other than arguing.

Answer 2: I feel that I can cope with anything pertaining to the meeting of people and their immediate problems, and also relay the expression of their feelings to the Van Buren Township Board and defend them righteously.

Answer 3: I feel the busing issue is not to be decided by the opinion of one person or the judgment of 10 people. I feel that the majority should rule in a democratic way according to the constitution. I sincerely feel that there has to be another way other than sending our 8, 9, and 10-year-olds out in the pre-dawn hours to board a bus to a predetermined school not within our taxpayers' area to satisfy a few people not interested in the majority of people's feelings or their children's well-being.

CLERK (Democrat)
Imogene Pence, current deputy clerk since 1968, is a 20-year resident of the community. She received a teacher certificate from Alpena County Normal

College. In her current job, is in charge of public relations and the financial and legal records of the township. The 45-year-old candidate and her husband, Arthur, have three daughters. She served as local chairman of Michigan Week in 1966, is a member of the Van Buren Democratic Club and is a Mother Chairman to ALSAC (Aid to Leukemia Stricken American Children). In 1972 she received the Outstanding Mother Chairman award from that organization.

Answer 1: Because of my intense interest in governmental operations and the urge to be of service to everyone in the township. This township is growing rapidly and needs responsible, intelligent persons in office to guide this growth.

Answer 2: I have been deputy clerk for four years and know the work. I like people, working and meeting new people. I am a taxpayer and concerned where my hard-earned tax money is spent. I have been married to one man for 26 years and have had a wonderful, happy life. I know how to accept responsibility and give authority, accept criticism and share in joy and sorrow.

Answer 3: Electing responsible civic minded individuals. Each individual's right to vote must be preserved.

IMOGENE PENCE

CONSTABLE (Republican)

George A. Heifner Jr. of 41527 Edison Lake Rd. is employed with Litt Electric, Inc. in Detroit as an electrical foreman. He attended Ecorse High School, Michigan Technical Institute and Electronics Institute, and has lived at his present address in Belleville for 3½ years. Active in the Marine Corps League, he has held many offices including downriver detachment commandant; State of Michigan senior vice commandant and national headquarters parade chairman. A member of the United States Marine Corps from 1945-1947, he has been a member of the United States Marine Corps Reserve since 1948. During this time the candidate was awarded the league's Outstanding Service Award for 1959, 1961, 1962, and 1969. He has been involved in the Boy Scouts of America, acting as advancement chairman for Troop 821, and has served as an elder at Belleville United Presbyterian Church. He received the Outstanding Citizenship Award from the City of Southgate in 1961. The 45-year-old candidate and his wife, Maxine, have 5 children.

Answer 1: Having always been active in community and statewide affairs through civic organizations, I have decided to try a public office. I have chosen the office of constable because of my qualifications below.

Answer 2: At the present time I am a master sergeant in the U.S. Marine Corps Reserves, acting as security chief and military police chief with 38 military policemen, three investigators, and two clerks. I have held this position for the last 10 years. I have attended Military Police

CONSTABLE (Democrat)

William E. Hilden, 43275 Alva, has been a constable in Van Buren Township since 1959. Educated in the Detroit public schools, the 45-year-old candidate has lived in the community all his life, residing at his present address for the past 15 years. He is an industrial lift operator for Ford Motor Company in Wayne, where he has been employed for 25 years. He has served as sergeant at arms in both the Polish Legion of American Veterans (P.L.A.V.) and the Belleville - Van Buren Democratic Club. Other organizations in which he is involved include Huron Valley Conservation Association, Van Buren Homeowners Civic Association, and National Rifle Association (NRA). He is a 14-year veteran of the Van Buren Police Department and a member of Western Wayne County Task Force. During World War II, he was in the U.S. Army. The candidate and his wife, Janet Denise, have five grown children.

Answer 1: Although I have been a constable for going on 14 years, I feel I am duty bound to continue to serve the community for as long as I am healthy and capable.

Answer 2: I am, as an incumbent, most familiar with court procedures as applies to the office of constable.

Answer 3: The office of constable is not a policy making job but as a citizen and concerned about my community I feel that the fight against the airport expansion must be a vigorous and successful campaign on the part of everyone.

The growth and development of Van Buren Township also must be closely guarded by all of the community. We must become more involved in all phases of our government. We cannot take it for granted that zoning, planning, appeals, etc. will be handled by a few selected people to our advantage. For too long we have wrung our hands in despair after the damage has been done.

CONSTABLE (Democrat)
Gary Allen Holloway, 10020 Clayton Rd., has lived in the community for five years. He is employed with Ford Motor

Company as a bargaining committeeman for UAW Local 892. He is also a patrolman for the Van Buren Police Department. The 34-year-old candidate was a member of the U.S. Air Force from 1955 to 1960. He and his wife, Betty, have two children.

Answer 1: I feel I am qualified for the job and can be of service to my community. And I am very interested in police work.

Answer 2: Three years police experience — member of township police force; two years full time police officer; one year with Van Buren Police Department. I have attended several police training seminars and completed a special course on criminal law at Schoolcraft College.

League in the past, serving as a scoutmaster and president of Van Buren baseball organizations. He is presently a member of the Michigan Constable Association. During World War II, he served with the U.S. Air Force, candidate and his wife, Al, have three grown children.

Answer 1: Many people have asked me to. Also I enjoy working with people of Van Buren Township. I think I am doing some good living and working here.

Answer 2: I have been a constable in Van Buren Township for almost 10 years and I also have a certificate from the Michigan State Constable Association for passing a police and constable test. I have also been a township police officer for almost 10 years. I have been chief of police since April 1, 1971.

Answer 3: Edison Lake and Park issue — I am very much in favor of taking it. We need the park for our younger

Belleville girls attend music camp

Two Belleville area girls recently attended Purdue University's 1972 summer music camp. Kathryn C. McClure, 44814 Robson Rd., and Terri Stead, 44141 Harmony Lane, returned from a one-week (July 9-15) stay at the West Lafayette, Ind., university. Miss McClure plays the saxophone, while Miss Stead studies the clarinet.

More than 425 junior and senior high school students attended the music camp, coming from Indiana and seven other states to play in one of four concert bands and study elective courses in music theory, conducting, marching, instrument repair and band organization.

This year's camp, which passed the previous record enrollment set in 1970, was international in scope. A noted conductor, composer and music educator from The Netherlands, Henk VanLijnschooten, headed the instructional staff and conducted the honors band.

Ten prominent Indiana high school bandmasters served as sectional instructors for the camp, along with two from Wisconsin and one from Colorado.

Retreat planned

The Notre Dame Big Retreat for men and high school-aged youths has been scheduled for Aug. 18 — 20 this year.

Held on the campus of the Jesuit University in Indiana, the retreat allows men from across the nation to become closer to God through meditation on their faith.

More than 1,500 men from across the nation attend the function annually.

Area residents interested in attending the event are asked to contact either Chum Stockwell at 721-2257 or the Fatama Retreat House, in Notre Dame, Indiana, 46556. The phone number for the retreat house is 219-234-1067.

Last summer Lester Gladhand was accused of being antisocial.

Now he has a Gas grill.

Lester's really a warmhearted fellow, but whenever the Gladhands had friends over for a barbecue, Lester was busy. Busy with the briquets. Busy with the starter fluid. Busy keeping the fire going. Busy trying to keep clean. Just too busy to be social.

Now Lester has a Gas grill. He lifts the cover and lights the grill. And he becomes

the life of the party.

Since you're going to cook anyway, why not cook the fun way — on an outdoor Gas grill. And enjoy the party!

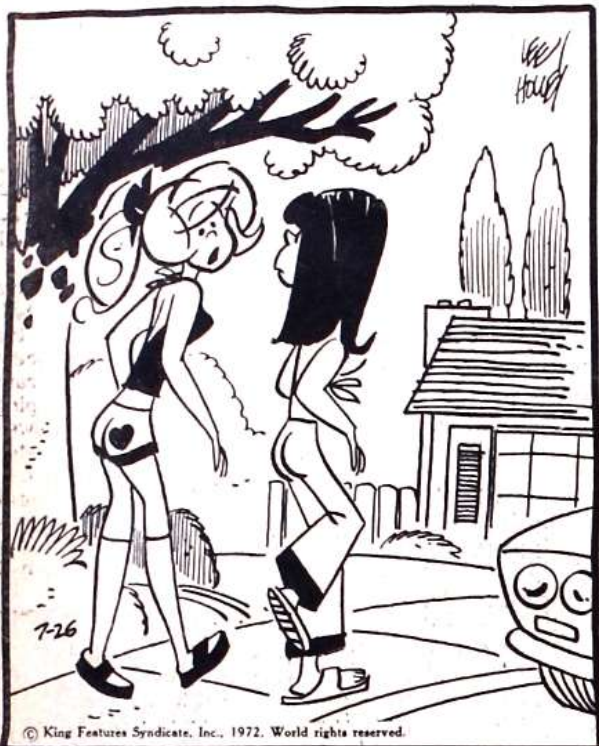

See the Gas grills on display at Gas appliance dealers and Michigan Consolidated Gas Company showrooms.

Just think of a Gas grill as a social asset.

horoscope

Tomorrow's forecast
from the Carroll Richter Institute

General tendencies: You are now able to figure out an unusual course of action under which to operate in the future. Meet with progressive friends who are willing to give you advice and assistance to gain the position that is vital to your future progress.

Aries (Mar. 21 to Apr. 19) Making contacts with persons who have up-to-date ideas is wise now. Become more cognizant of current activities. Take health treatments and get relief from possible bodily ailment.

Taurus (Apr. 20 to May 20) You have to think in a more modern vein and adopt more modern systems if you are to make real headway now. Know what bigwigs expect of you, and then try to please them. Relax tonight.

Gemini (May 21 to June 21) You can plan a trip now or make the changes that are important to your welfare during the morning hours. Evening is fine for being with charming persons you like. Obtain data you need.

Moon Children (June 22 to July 21) You have new views and ideas that can be put to good use now. Romance with mate can be highlighted in the evening. Show that you have true finesse. Don't neglect correspondence.

Leo (July 22 to Aug. 21) You have fine ideas for getting ahead and should do something about them. Stop being so adamant. Listen to the ideas of one who has something worthwhile to say. Take care of unpaid bill.

Virgo (Aug. 22 to Sept. 22) Find the right appliances that can help make your work more exact, plus save time and money. You need not work so hard. Add new pieces to your wardrobe that can bring out your personality.

Libra (Sept. 23 to Oct. 22) Engage in recreations that bring out the happy spirit in you and become the light-hearted person you want to be. You can have real rapport with loved one now. Take health treatments.

Scorpio (Oct. 23 to Nov. 21) This is a good time to make improvements in conditions around you at home, with the aid of kin. You can work quickly and well. Don't forget to pay those important bills that are due.

Sagittarius (Nov. 22 to Dec. 21) Contact key persons who can be of extreme help to you. Show how much you appreciate their favors to you in the past. Make only necessary phone calls. Relax at home tonight.

Capricorn (Dec. 22 to Jan. 20) Stop angling so much. Use the right methods and you can have extra abundance you want and need. Things can be wonderful for you if you use modern methods. Be wise.

Aquarius (Jan. 21 to Feb. 19) You have the ability to go after whatever you want the most and get it. Get an early start on a new project. Tell good friends what your aims are and get their full support.

Pisces (Feb. 20 to Mar. 20) You can make arrangements now to put your future on a more solid basis. Keep your plans confidential and all goes fine for you. Contact an expert and gain the advice you need.

If your child is born today...he or she will be one of those delightful young people who is very much alert to whatever goes on and will be a delight to those with whom there is any sort of association. The career should be directed toward work with the public in general. Give as fine as education as you can afford. Sports are good here.

"The Stars impel, they do not compel." What you make of your life is largely up to you!

Grease Paint...

...and Spotlights

Thirty-five Romulus youths from the age of seven to 14 have been working hard for weeks putting together the first production ever to be performed by the Romulus Youth Theatre.

The Romulus Youth Theatre consists of those members of the Romulus City Players under the age of 14. They

started this summer by working for weeks to learn the fundamentals of acting and now have their big moment approaching this Friday when they will perform the one act play "Peter the Pied Piper."

They will be doing two performances on Friday at 7 and 8 p.m. at the Romulus

high school auditorium.

The story is the familiar one of the town of Hamelin which has been plagued by rats and the Pied Piper who makes a deal with the Mayor of Hamelin to rid the town of the rats. The story gains intrigue when the mayor refuses to keep his part of the bargain and the Pied Piper has a surprise in store for the whole town.

Come out and see what Peter has in store for the mayor. It's sure to be a brilliant performance by these young people. Tickets will be on sale at the Romulus High School Auditorium box office the evening of the performance.

The adult Romulus City Players are in their final weeks of rehearsal for their production of James Otis' story "Toby Tyler or: Ten Weeks with the Circus." It is the often funny, sometimes tender, story of a boy who runs away with the circus. It details the pitfalls and delights Toby Tyler is subjected to during his time with the circus.

For the adults the lure of the old tent circus will be fondly recollected. For the children the story will satisfy, to some extent, their imagination about the splendor of circus life. It is a story for the whole family to enjoy.

The Romulus City Players will perform the play twice - Friday, Aug. 4 at 8 p.m. and Saturday Aug. 5 at 3 p.m. at the Romulus High School Auditorium, S. Wayne Road, Romulus.

If you are a child, bring your parents, don't deny them this chance to look back on their youth. If you are an adult, give your children the chance to experience the happy thoughts you had as a youth.

Admission price is 75 cents for adults and 25 cents for children at the auditorium box office on the days of performance.

Theatre auditions scheduled

Pursuing their policy of audience participation in musicals, Director, Celia Merrill Turner, has chosen the tenuous musical comedy, "Guys and Dolls" as the next production offered by Will-O-Way Theatre, 775 W. Long Lake Rd., Bloomfield Hills.

Requests for auditions, open and closed, are now being accepted. The next open audition for actors, singers, and dancers will be held Saturday from 8 to 10 p.m. Personal appointments for auditions may be made by calling 644-4418 for performers who have a conflict in time.

Will-O-Way will continue to present a series of favorite and popular musicals using the new concept of involving the audience themselves in the action of the play. Singing along during the performance, beating a Salvation Army drum, cheering and booing are all included. At the end of the performance, the audience is invited to dance with the cast on stage.

The musical, "Guys and Dolls" will open Aug. 18. Groups are invited to call for special discounts for parties over 30. Theatre parties may be arranged by calling Will-O-Way.

Mystery to start at barn

For the third production of its third season, Macomb Theatre-At-The-Barn will present "Write Me A Murder," a mystery by Frederick Knott.

Richard S. Kordos, managing director of the Macomb Theatre-At-The-Barn will direct the play which will be presented Thursday through Sunday and again the following week Aug. 3-6 at 8 p.m. in the Barn Theatre, Hall Road (M-59) at Garfield.

Admission is \$2.50 per performance. Reservations can be made by calling the box office at 468-4822 Tuesday through Sunday between the hours of 12 noon and 5 p.m.

Unique flea market at Wonderland Center

The popular Blum & Kirsch Flea Market will be held at Wonderland Center on Saturday.

This flea market is unique as it offers browsers and shoppers a selection of both rare and unusual antique and distinctive hand-crafted items. The flea market will be

located throughout Wonderland Center's mall. Hours for the flea market are 10 a.m. until 9 p.m. The flea market offers a broad range of merchandise and prices.

Wonderland Center is located at Plymouth and Middlebelt Roads.

India featured at ethnic festival

India is half a world away, but metropolitan Detroiters will be able to catch a glimpse of it this weekend during the Indian ethnic festival on the downtown riverfront at Cobo Hall.

The festival, mid-point in the summer's series of 19 sponsored by the city, will feature free entertainment and a wide selection of exotic food and handicrafts.

Two fortune tellers will be at the site advising visitors of their fate for a nominal fee and a yoga demonstration is also planned.

The young people who stroll downtown streets chanting "Hari Krishna" will explain their Indian religion and activities at a booth of their own.

Indian food on sale will range from spicy and hot to sweet: Samosas, a pastry mixture of ground meat and vegetables; tandoori chicken, a cousin to American barbecued chicken; biryani, a rice-based dish with a blend of

coriander, cardamom and cashews, and burfee, a fudge-like mixture.

Sitar music and Indian dances such as the "stick dance," the "temple dance" and the "candle dance" will be performed.

You can learn how to wrap a sari, or just shop among carved walnut bookends, sculptured animals, brass trays, incense burners, and high quality Indian silk fabrics.

The festival of India is free. The hours are 6 to 11 p.m. Friday and noon to 11 p.m. Saturday and Sunday.

Farmington Founders Festival this weekend

The eighth Annual Farmington Founders Festival will be held Thursday through Saturday. This year's three-day celebration will include a wide range of activities and events surpassing any previous festival, according to John P. Ogurek, general chairman of the 1972 Festival Committee.

More than 100,000 visitors from throughout the Detroit Metropolitan area are expected to attend this year's Festival, which originated in 1964 as a tribute to the founders of Farmington. Numerous community businessmen, organizations, youth, civic, and service groups will participate.

A fireworks display and parade will headline the festival. The fireworks display will be held on Friday at the rear of the 10 Mile Road Elementary School.

On Saturday, more than 50 colorful floats, school bands, antique cars and marching units will form the festival parade. The parade will begin at 10 a.m. on Grand River at the Grand River Drive-In Theatre and proceed along Grand River to Farmington Road, then south on Farmington Road to Alta Loma Street.

There will be puppet shows at 10 a.m. and 1 p.m. in the judges chamber at Farmington City Hall. At 3 p.m. dogs, cats, birds, and other pets will be exhibited at the Children's Pet Show in the Farmington Plaza Shopping Center.

This year's festival will have three major events which will be of special interest to the ladies. One will be the queen's pageant. The highlight of the pageant will be the crowning of the queen and her court on Thursday, in the Downtown Shopping Center.

Festival dinner and fashion shows will be held on Thursday, Friday, and Saturday. The Park Place Restaurant in the Freeway Shopping Center will be the site of the shows, which will begin at 8 p.m. and feature the latest styles of California designers.

In addition, an antique show and sale will be held in the Farmington Community Center on Friday and Saturday.

A variety of cultural events will highlight the festival. Beginning on Thursday, the Franklin Village Concert Band will present a program at the Downtown Shopping Center. This will be followed on Friday by the Farmington Community Concert Band.

Rounding out the cultural activities will be an artist's exhibit and sale on the City Hall lawn, Saturday from 9 a.m. to 5 p.m.

IF THERE ARE TWO kinds of "Friends" you never want to lose track of, one would be the kind that offers to lend you money...and the other would be "THE FRIENDS", of which there are NO friends, and who ALSO chase the blues away! There's no such thing as a free lunch, and if you're not careful, you'll find yourself in a mood they can't help you FIND, no matter what you need! They're funny when they talk, far out when they vocalize, beautiful when they go instrumental. To folks who tell us they couldn't get in, we can only say TRY AGAIN! Bob Markley will tell you WE did, after we couldn't get in (either) last Wednesday. Make a Reservation NOW, even if it's for 10 days from today, because THAT'S one sure way to get a table! These guys are worth a listen, and listen to Cap, too, when I recommend the Prime Rib! BEAU-J'S is on Inkster, a bit south of Schoolcraft, where you see all the cars turnin' in, and where all the folks are turning ON, so they tell us when they rave about the Food and Entertainment, which is why I'm callin' 532-0505 for a table next time!! (Right next to yours!)

THE CHICAGO ROAD HOUSE is to be found at 21400 Michigan, in Dearborn, or at the corner of Hollywood & Vine in L.A., disguised as the "I'll of Brown Derby," or wherever the aura of success and the taste of superb cuisine are happily aligned. It's just NOT "that interesting little place around the corner", and doesn't purport to be. The look and feel of Chicago Road House, the aroma of Prime Beef turning - center stage in the Dining Room - the polished Service one automatically expects, and certainly receives, are components of one of metropolitan Detroit's most distinguished Restaurants. Yet, you won't be surprised to find the Bean Soup Host Jack Valian perfected in Salinas. If it's the greatest...it can originate anywhere in the world, and eventually find its way to Jack's table! He's in the main Dining Room himself, every Sunday, to assure the ultimate satisfaction of his guests. Call 565-5710 if you're coming out for his famous Sunday Lobster Dinner...so that he can seat you personally. And remember your name when you return again, and again!

IN THE DAYTIME it's darkish and comfortable and Businessmen drop in for lunch (til 3 p.m.) and meet some guy if they wanna talk a quiet, serious deal. THE COLONIAL LOUNGE is that kinda place in the daytime. But after dark, when the fun starts, Baby, THE COLONIAL LOUNGE, at 19170 Farmington Rd., just N. of 7 Mi., is STRICTLY SOMETHING ELSE! Young stuff starts happening, and this week, while favorites Charlie Lattimer and Phil Marcus Esser (just call us "Man!fastic, they sed) do everything from playing a Jazz Trio! "The way Charlie-boy learned in the Salvation Army), to driving the Girls up on their chairs...applauding, you jump right into the fountain of youth and join the fun! DON'T go to The Colonial Lounge if you aren't an expert in squeezin' your car into a HUGE, but-jammed lot. DON'T go there if you havva headache! DON'T go there if you're "dressed" for dinner. BUT IF you're looking for what's happening...and you wanna listen to somethin' wild...GO to The Colonial!

FOLKS ARE TAKING their Buggies over the "CARRIAGE HILL" to 27200 Cherry Hill, in Dearborn Heights, so sez our Mailbag! One Phil Ginnott wrote us a funny note about how he was "swaying to the music" while he helped himself at the Invent-your-own Salad Bar...and ended up with a "belutched" shirt and a foolish grin. A postscript from Alison Ginnott, however, told us why he really wasn't paying attention...but the nice Lady goes on to assure us that after he Walzed her around to the quote: "Sweet Music" of the Don McKenzie Band...she wasn't mad about the pretty Waitresses anymore. Nice people. Like all the people who come out to the CARRIAGE HILL...Remember those distant Orchestras you used to hear on your car radio on the way home late at night? And the BIG Bands you stood in line to hear, at the Old Downtown Theaters? THE DON McKENZIE COMBO is ALL that...plus the stuff the younger set stood in line for "seasoning" during the evening. And if Mrs. Ginnott decides to go there some lunchtime...without Phillip, gimme a jingle, Alison. I aogle pretty Waitresses, too. But when it comes to GREAT Food, I pay attention! And at Lunchtime, you don't havta call 274-2534 for a Reservation!

WE WERE ON OUR WAY Home, wet to the shoulders, boat in tow, and we had the small fry with us. THE SHRINERS, a whole slew of 'em, were dressed up in their red velvet and gold best, on the way from rehearsal. One lady had a fur piece that wrapped around her shoulders, and across the next chair. A couple kids were wearing his-n-her Jeans and new Wedding Rings. And everybody was dressed just right for the new CONTINENTAL BAR & RESTAURANT. Betty Burleigh welcomed us and told us how her Donny did his solo flight and got his Drivers License and had Birthday No. 16, ALL at once! It's like visiting the Family, you know? And NOW...there's MORE reason to go out Grand River to the Wixom Exit than ever before. Becuz there's every night Entertainment...AT DAYTIME PRICES! Elegant little Miss Marty strums her guitar Friday thru Sunday...thrills me to the core! MARY & MIKE, The Dyarchy Duo, keep things movin' weeknites. The Entertainers get along great...it's the Food and the Music that fight for top billing! And at the new Continental, they BOTH deserve it! You'll vote for 'em both each time you're there, becuz it gets to be a habit. To come out and "visit the folks". See ya there, Cuz!

FOLKS IN OKLAHOMA COUNTY will be coming in droves tonight to a spot we've been bragging about for many a moon, as they honor Mr. Earl Teeples, Farmington Township Supervisor. Prettiest Gal at the party will be Mrs. Teeples...nicest guests, their five lovely Children, and the party will be especially great, because Earl's Committee chose VLADIMIR'S, at 28125 Grand River (& 8 Mi. Rd.) to do their funning at Vladimir's, with exquisite American and Continental Cuisine, makes for great occasions, and handles them in abundance. This coming Saturday, for instance, THREE Beautiful Weddings will take place in separate halls as Cynthia Himrick becomes Mrs. Vito Pizzo, Judith O'Haver becomes Mrs. Norman Price, and Miss Diane Sabon becomes Mrs. Greg Blanchard. We figure that married life, when it begins as beautifully as it does with a Vladimir's Wedding, is going to be wonderful forever...and we certainly do wish that for the Prices, the Blanchards, and the Pizzos. And then would it follow that the same might hold true of Mr. Teeples upcoming bid for reelection? Well, one thing the voters always know...is that the nicest things get off to a perfect start, at Vladimir's! (Vladimir's phone number is 477-8050, by the way. Vote for Vladimir's if your aim is a perfect... "Party" Democratic, Republican...or WEDDING PARTY!!)

YOU'RE A WINNER, RUSTY! Rusty is Mrs. Mickey Miller, of Livonia, who orders an Altes with her Steak at ALL the places we've been talking about...and who always uses ALTES BEER to spark up a Dinner at home, too! (Claims she got the inspiration while drinking Grape Malt Duck...a boot. This girl, I'm gonna Wine & Dine Royally!!) HOW does Rusty keep Mick happy? Why, she feeds him Beefy Beer Stew! So not only will we send the secret of her success to anybody who either calls us at 477-6588, or writes to us at P.O. Box 2482 Livonia, 48151, but we'll thank her for the Winning Recipe with her choice of a case of Grape Malt Duck...Apple Malt Duck...or Altes Beer. (And Danna Distributors keep the shelves of your local Party & Package Store stocked with the good stuff, so Y-O-U can charm your Fella, too!) Then we'll let her tell us where we're taking her (okay, And Mickey!) for the "WINNER DINNER" of a lifetime! And since we've been cookin' and tastin this Beefy Beer Stew all day...we're gettin' just mellow enuff...if YOU send in a better Recipe...you can come along! Now has Onassis offered you a better contract than THAT??

Van Buren issues 62 June permits

The Van Buren Township Building Department issued 62 permits for residential dwellings in the month of June, with a total estimated valuation of \$333,669.

This compares with a \$4,387,017 valuation in May for 378 permits.

In June, three permits were

issued for one-family dwellings in the township, with a total valuation of \$83,504. Fourteen permits were issued for townhouse units, valued at \$172,800, while 21 mobile home site permits were okayed, estimated at \$12,600.

During the month of May, 331 apartment unit permits had been approved, with eight townhouse unit permits, for a total valuation of \$3,949,077.

The total building department fees collected in June were \$978.50, plus \$3,688.14 for two plan reviews. Total fees collected in May were \$76.50.

The electrical department issued 41 permits, bringing in \$396, while the heating department approved 11 permits for \$140. The plumbing department issued 40 permits for \$1,914.50.

Precinct delegate tells voters 'thanks'

To the editor:

I would like to use your newspaper as a means of expressing my gratitude to voters of Precinct 11 in Romulus who supported by candidacy for precinct delegate during the May 16 primary.

To cast their vote in my behalf, they had to take their time to write it in on the ballot. I greatly appreciate their support.

I realize I have been slow in expressing my thanks, but I have been busy performing the duties of precinct delegate as well as those of wife, mother of five children and substitute school teacher. As one can imagine, it's a busy, but very stimulating and rewarding life.

When I became a candidate for precinct delegate, I was made aware of how little I, and many people I encountered, knew about the groundwork of our government. Few people realized that the position of precinct delegate is an important non-paying (often costing) channel from the voter to the inner workings of the political party.

That these elected people from their own community will actually carry a voice in the selection of a presidential candidate. Interest in political affairs is growing and needs to be encouraged.

I would like to encourage all the readers of this paper to inform themselves regarding the issues, offices to be filled and the candidates who seek these offices. Not for just one election, but all elections.

After adequately informing themselves, they should become involved. There are many things to be done.

Apply these things to yourself. If you feel you are not qualified to fill an office or do not have the time to give to such an endeavor, then give what you can to the candidate of your choice. It may be time or money. Any amount of either is sure to be welcomed.

On election day offer your services to drive those needing transportation to the polls—regardless of party affiliation—or babysit (free) so a young neighbor may go to the polls.

Most important, however, cast your own informed vote.

Simple, isn't it? I was shocked and saddened to learn that the so-called heavy turnout for the May primary involved only about 55-57 per cent of the registered voters. Just think of the people who aren't even registered.

Don't let one of these people be you.

Candidate disputes issue's ground rules

To the Editor:

Last week I received a letter from Mr. D. W. Carlson representing the Park and Lake Committee inviting me to attend a "Meet The Candidate night" to be held at the Belleville High School Auditorium. The letter stated I will be asked to answer two questions concerning the acquisition of Belleville Lake by Van Buren Township.

I regret I could not be a part to this heavy handed manipulation by a select group. Obviously the only hungry candidates willing to attend that meeting are those willing to sell themselves to that small pressure group.

Belleville Lake has existed for over 40 years and will be there for a while longer. The many problems facing our community requires more than candidates willing to consider only one overblown emergency.

There are more pressing issues to be dealt with in the near future, such as water and sewer installations. We have been paying six mills in taxes for many years and yet a good portion of the township is without these services.

Communications between our elected officials and residents seems to be in need of repair. If communications had been adequate, Belleville Lake would not now be of major importance.

In the July 5th issue of Belleville Enterprise, this Ad hoc committee stated it would work to elect only those candidates in favor of the take over of Belleville Lake by Van Buren Township. If this is true, then obviously blackmail is now an accepted form of campaigning.

Candidates elected under this premise could then be expected to submit to further blackmail in the future, couldn't they?

Although I regret I could not in good conscience attend the meeting, I feel I should tell the citizens of Van Buren Township what I do know about Belleville Lake.

It is a fact that the State of Michigan now owns approximately nine acres of land on E. Huron River Drive, including almost 450 feet of lake frontage. I can only assume that this will be used as a public landing site, allowing all the people in the state access to the lake.

The impact of perhaps thousands of people congregating in our township and on Belleville Lake every weekend should be of more importance to us, than whether or not our tax dollars should be used to own a lake accessible to all the people in our state.

We should implement a plan to acquire state recreational funds, as Ypsilanti, Canton, and others are doing, instead of further burdening our local tax payers and Senior Citizens on fixed incomes.

I sincerely hope a meeting may be arranged where the candidates can discuss those issues involved in the upcoming election and will be allowed sufficient time to answer the questions instead of the allotted two minutes Mr. Carlson prescribed for his meeting.

War on pornography can be won with help

To the editor:

The following letter is a copy of a letter mailed to Mr. & Mrs. Philip H. Haddrill of Dearborn Heights.

Dear Mr. & Mrs. Haddrill:

I am pleased and grateful to learn of your recent contribution of \$10 to Citizens for Decent Literature (CDL).

With generous gifts such as yours, CDL has fashioned a new and potentially decisive legal weapon which communities everywhere will be able to use to rid themselves of pornography. We started with a test case here in Cincinnati by filing a civil suit against a local pornographic film house calling itself Cinema-X. We won that suit!

The Common Pleas Court of Cincinnati has issued a temporary injunction closing Cinema-X as a public nuisance, and CDL's legal staff is pressing for a permanent injunction against the operation of this theater.

If we are successful, this case will provide a landmark decision on which similar cases can be filed—in Dearborn Heights and in thousands of other communities which are plagued with pornographic movie theaters.

Of course, there is still a great deal that must be done. CDL attorneys are carrying the fight to every state and community where obscenity is a problem.

This fight can be won, Mr. & Mrs. Haddrill. It can be won if we continue to receive your financial and your moral support—and the support of thousands like you.

You can help in other ways as well. By writing letters to the local newspapers that continue to carry ads for obscene movies. By acquainting others with the decency campaign of Citizens for Decent Literature. By sending us the names of those you think would also be interested in helping us.

You are a valued friend of CDL, Mr. & Mrs. Haddrill.

A THOUGHT TO REMEMBER

BY HAROLD REDISKE, DIRECTOR

Procrastination, the fault of putting things off until tomorrow, can carry a heavy penalty. For example, the return of a book loaned by a friend, is put off - until tomorrow. The visit to Uncle Charlie to tell him about some of his friends we saw, is put off - until tomorrow. The letter that should be written to Aunt Jane is put off - until tomorrow. The drive across town to see a friend is put off - until tomorrow.

Then, unexpectedly, the putting off fault stabs us, and it hurts. It really hurts - badly. In our tears, we shake our heads in disbelief. The talk we meant to have, the things we meant to do, can not now be done. We can only make a visit, but not as it was intended. During visitation hours, we pay our last respects and realize yesterday's tomorrow is now today, and today it is too late.

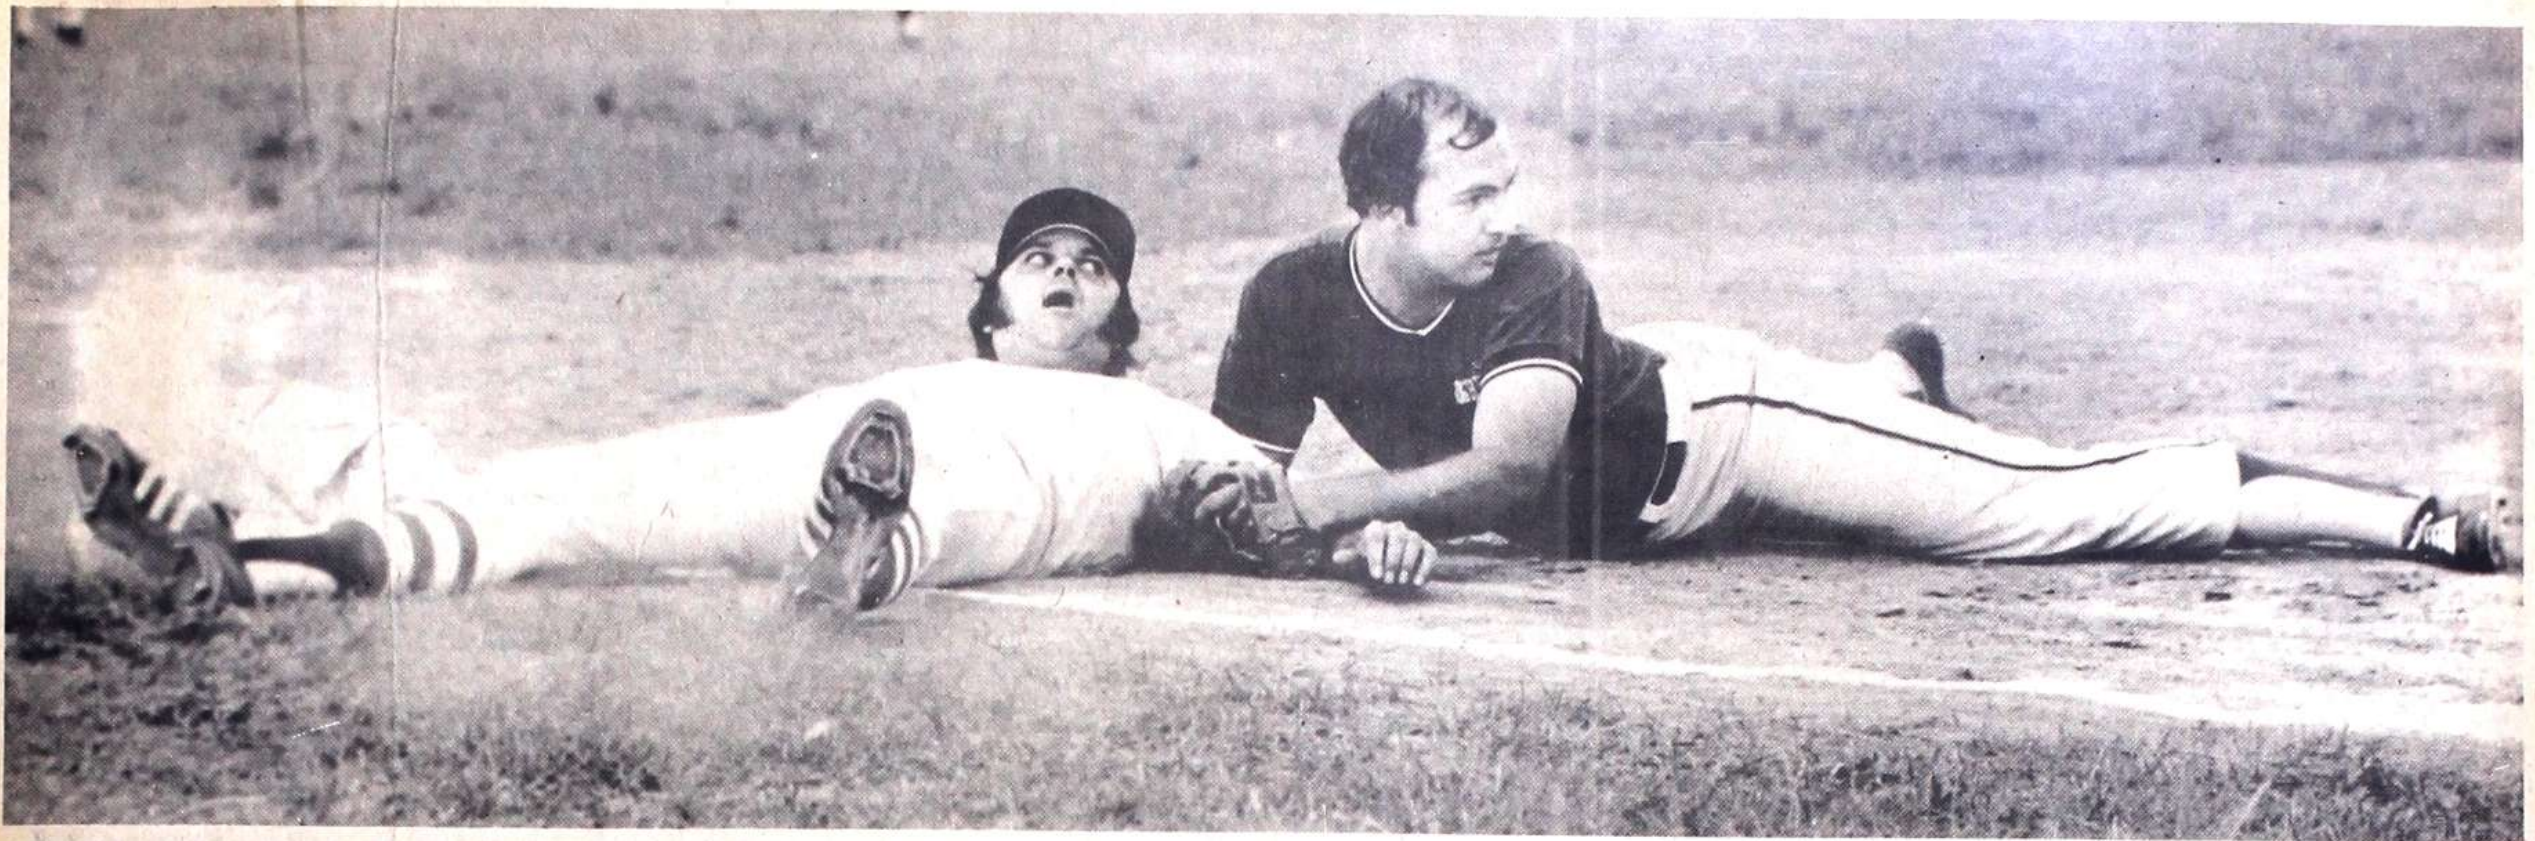

Tis of course an imagined vignette of life. But it can happen. Why let it?

Carter has tough act to follow

By TOM MOORADIAN
Daily Eagle Sports Editor

How does Floyd Carter follow an act like the one Wayne Gorman put on at Wayne Memorial the past three years?

Carter, who ascended to the head football coaching job after serving as an assistant, replaced Gorman who unexpectedly resigned from the position he has held for the past three years.

In three years Gorman made winners out of the Zebras, claiming titles two out of the three seasons. That may not seem to be an extraordinary accomplishment, but when you consider he took over a team that had problems even scoring one touchdown a season, then his greatest comes through.

Why Gorman resigned is still a mystery. He said he wanted to continue his education and devote more time to his family. He must be dead serious about leaving football. There are rumors that he even turned down a coaching job at Eastern Michigan University. But, what the reasons, Gorman has decided to view football from the stands this season.

Meanwhile, the man of the field with the Zebras will be Carter, Gorman's defensive assistant.

"It's going to be tough to follow someone like Wayne," admitted Carter who played football at Wayne Memorial in the early sixties. "I know I'm on the hot seat, but I have always dreamed of taking over a team, and now it's a reality."

"When I graduated from Wayne I used to come back and watch the games and I would always think why didn't the coach do this or do that, well now I will get my chance."

George Bell's announcement caught the new head coach by surprise.

"I didn't believe that I would get the job," said Carter, "I thought they would go outside the school system to hire someone."

Bell, principal at Wayne Memorial, "is convinced that he has the right man in Carter for he has the desire and the football acuity and works well with kids."

Several tight battles are shaping up for playoff spots in the Romulus Slow Pitch Softball League.

Floyd Carter new Wayne grid coach

Floyd Carter has been named head football coach at Wayne Memorial High School. Wayne Memorial principal George Bell made the announcement of Carter's appointment last Thursday.

Carter, a 29-year old native of Wayne, succeeds Wayne Gorman, who stepped down last week after a successful three-year tenure as the Zebras' head grid coach.

A graduate of Wayne Memorial and Eastern Michigan University, Carter served as an assistant under Gorman for the last three seasons.

"This is a very big thrill for me," said Carter after he learned of his appointment. "This is my first head coaching job and I'm happy that it's here in Wayne."

"When I came here as an assistant I hoped that this would happen to me," he continued. "I just didn't expect it to happen this soon."

Floyd was the head coach of the Zebra junior varsity in 1969, and he worked with the offensive and defensive backfields in 1970 and '71.

Carter also concentrated on the backfield during his playing days.

He saw service a halfback and as a defensive back during his three year Wayne High varsity career (1958

through 1960) under Don Donke.

Floyd also played varsity baseball for the Zebras before his graduation in 1961.

Following his graduation Carter worked for three years before he enrolled at Eastern Michigan and went out for the football team.

He quickly earned a scholarship and played three years for the Huron varsity as a defensive back.

After graduating from Eastern Michigan in 1968 Carter spent a year coaching and teaching at St. John's High School in Ypsilanti.

The Eastern Division race tightened up last week when front runners Morgan Manor and Coughlin Air both split a pair of games and Romulus Progressive Club came away with two wins in two tries.

The results left Morgan and Coughlin tied for first place with 12-4 marks, while Progressive is just one-half game behind at 11-4.

Morgan won a 7-0 forfeit from Baum's Funeral Home, but then fell to Spearman's Fine Foods, 8-2.

Reel Reality, with a 10-6 record, is a sure bet to reach the playoffs, but there is only a game and a half separating Walter's Bar, Carpentry by Woodcraft, Romulus Hardware & Auto Supply, and Romulus Welding.

The race for the final two playoff spots will probably last until the final day of the season.

The Eastern Division race tightened up last week when front runners Morgan Manor and Coughlin Air both split a pair of games and Romulus Progressive Club came away with two wins in two tries.

The results left Morgan and Coughlin tied for first place with 12-4 marks, while Progressive is just one-half game behind at 11-4.

Morgan won a 7-0 forfeit from Baum's Funeral Home, but then fell to Spearman's Fine Foods, 8-2.

After nipping Kerr Manufacturing, 2-1, Coughlin

suffered a 7-4 setback at 'he hands of Hal's Market.

Progressive moved closer to the top when it downed Carpentry by Woodcraft, 10-1, and Kerr, 8-7.

Walt Goeckel hammered three hits, including a home run, as he led Spearman's past Morgan.

Darwin Wessel also had three hits for the winners while Ron Kampsen had two hits.

Jim Halcomb and Fred Eberline had three hits each as they led Progressive to its victory over Woodcraft.

Bill Reiber and Ken Meintkiewicz both had three RBI's for Progressive.

Al Ellis was the winning pitcher.

Progressive pulled out its narrow win over Kerr with a three-run rally in the bottom of the seventh inning.

Singles by winning pitcher Bob Maronen, Al Ellis, and John Sterling started Progressive's winning rally.

Meintkiewicz then doubled in the tying run and Eberline singled home the winning marker.

Spearman's chalked up its second win of the week as it rolled past Cue Corners, 13-1.

Walt Goeckel, Ron Kampsen, and Ron Wojeski all had three hits for Spearman's.

Don Twitchell clouted a three-run homer for Spearman's while teammates Bill Howell and Frank Brooks had two hits each.

Walter's Bar edged Romulus Welding, 2-1, behind the pitching of Dick Marshall.

Marshall also drove in the winning run in the seventh inning.

Mike Kingsbury had the other RBI for Walter's while Paul DeBuyscher knocked in the Welding run.

Other scores last week were: Romulus Hardware 12, Hal's Market 11; Baum's Funeral Home 11, Romulus Press Repair 10; Reel Reality 6, Cue Corners 5; and Carpentry by Woodcraft 5, Romulus Hardware 4.

With one week left to play in the regular season, Walter Hink holds a two-game lead over Roberts Brothers Funeral Home in the race for the pennant in the Belleville Babe Ruth League.

Both Walter Hink and Roberts Brothers won two games last week.

Walter Hink topped P.N.A. Lodge and Rebekkah Lodge by identical 11-8 scores, while Roberts Brothers downed Clark Block, 6-2, and Hink Enterprises, 11-9.

Winning pitcher Joe Stillman's homer was the key hit for Walter Hink as it bested P.N.A.

Stillman struck out 13 as he hurled the route.

Stillman continued to swing a hot bat in the win over Rebekkah as he laced a triple and two singles.

Paul Gefre added three singles for Walter Hink in its second triumph.

Dave Dapsi fanned nine as he hurled Roberts Brothers past Clark Block.

Dapsi helped his own cause with a pair of hits while teammate Don Coleman also had two hits.

Carl Zentz and Mark Ostrowski combined to strike out 14 as they pitched Roberts Brothers to its win over Hink Enterprises.

Gary Farr, with a double and two singles, Dave Dapsi, with a home run and a double, and Rick Muse, with two singles, were the top hitters for Roberts Brothers.

Dale Montgomery collected two singles for Hink Enterprises.

Walter Hink is 11-1 while Roberts Brothers is 9-3.

Atchinson Ford moved into third place with a 7-5 record as it bested P.N.A. Lodge, 19-2, and Clark Block, 10-4.

Jeff Hoeman chalked up 12 strikeouts as he hurled Atchinson to its triumph over P.N.A.

Dan Trammell and Paul Krystuniak led the Atchinson attack with doubles.

Dan Matson had a single and double for P.N.A.

Hoeman smacked three singles as he led Atchinson past Clark.

Greg Brown and Krystuniak added two singles apiece for the winners.

Atchinson pitcher Greg Brown hurled a three-hitter and struck out seven.

Campbell Group split a pair of games.

After topping Rebekkah Lodge, 7-4, Campbell was

beaten by Hink Enterprises, 9-5.

Gary Atkins, with three singles, and Guy Kobleck, with two singles, led Campbell to its win.

Mark Verrott, Dale Mon-

gomery, and Carl Harden all had two hits for Hink Enterprises as it downed Campbell.

Harden picked up the win as he struck out ten.

(Continued from Page B-1)

The surprise also had its setbacks.

"Since I didn't believe I was going to get the job, I had to wait to see who was. Therefore, I couldn't drill the kids with what I believed they would need. A new coach may have wanted to do it his way.

"But now we're going to hustle," Carter said.

However, Carter, who is a defensive specialist has a lot of rebuilding to do. Wiped out through graduation is last year's fabulous defense that lifted the Zebras to a 6-2 record and a co-championship in the Mid-Wayne.

"We don't have many lettermen returning, so we're inexperienced and green," said Carter, sounding more like a head coach each moment. "We're going to have our work cut out for us."

Carter also must fill in the patches in his coaching staff. He needs two more assistant coaches.

And, because of a recent Michigan High School Athletic Association ruling permitting high school coaches to conduct summer football practices can contact, Carter will also have to make up for lost time.

"We're playing catch up ball before we have even started," he said. "But one thing I learned from Gorman, you can win if you can build the defense. And that's what I intend to do."

I got to agree with Bell - 'the desire is there'.

Only time will tell if Carter will find a winning combination.

Softball title

Romulus Jaycees claim first half

The Romulus Jaycees softball team has emerged mid-season champs in its District 32 softball league.

The season is divided into two parts, with the winners of each half competing for overall championship.

The Jaycee season to date shows four victories — against Taylor, Allen Park, Wyandotte and Melvindale — with one loss at the hands of the Southgate Jaycees.

Practice sessions include a win and a loss against the Sumpter Jaycees and a victory over the Southern

Michigan Prison Jaycee Chapter at Jackson.

Julius Szabo is the manager. While the softball aspect is

only one part of the Jaycee organization, it is hoped that a rounded curriculum presents a more interesting time to the membership.

Interested young men between the ages of 18-35 are invited to contact the Jaycees for information or the organization — inquiries may be made by calling membership chairman Al Bossidis at 941-0354 or via the Romulus Jaycees at P.O. Box 1, Romulus Michigan.

WINN TOURNEY — Mrs. James Kovach of 43661 Burtrig, Belleville, was the grand prize winner in the 1977 Van Buren Township Summer Recreation Putt-Putt Golf Tournament. Capturing the trophy with a four under par 38, Mrs. Kovach received the cup plus a \$5 gift certificate to the K-Gold Driving Range and Putt-Putt Course.

Carnahan net duo advances

Ken and Perry Carnahan moved into the finals this weekend of the Belleville-Van Buren open tennis tournament by defeating Dick Flavell and John Petrasky, 6-1 and 6-4, and Dominie Wojtowicz and Debbie Risner, 6-1 and 6-0.

Ken and Perry, a father-son team, live in Belleville. They will meet Donald Johnston and Dick Reed of Ann Arbor on Saturday.

Johnston and Reed, reached the finals by defeating another all-Carnahan team, Keith Sr. and Jr., of Belleville, 6-4 and 7-5, and Muriel Boelter and Debbie Zol of Romulus, 6-0, 6-1.

AAA backs no-fault

State no-fault auto legislation allowing the immediate payment of medical expenses and lost wages without lawsuit but still permitting suits where medical costs are above \$1,000 is needed for Michigan, according to Jack Robbins, manager of Auto Club of Michigan's Wayne-Westland office.

"As the largest group of automobiles in Michigan, we are vitally interested in improving the present method of compensating persons injured in auto accidents through a no-fault approach," states Robbins.

Robbins added that the Auto Club is concerned because some bills in the legislature do

not allow transferring losses to the at-fault driver, while other bills include property damage as part of the no-fault concept.

The Auto Club official says that transferring the accident cost to the insurance company of the person causing the loss—called subrogation—should be part of any no-fault system.

"This allows the good driver to enjoy lower rates, while the accident-causing driver pays higher rates," Robbins adds.

If the no-fault concept is extended to property damage, it would result in a motorist paying all deductible insurance costs from his own pocket even if he is blameless in an accident, Auto Club states.

"For example," says Robbins, "if you were legally stopped for a traffic light and a drunk, speeding or careless driver hit the back of your car, you would pay the deductible—usually \$100—since the at-fault driver could not be sued."

"We are in favor of no-fault reform which improves compensation for injured victims of auto accidents, but retains the present system of handling property damage and rewards good drivers with lower rates," Robbins says.

Post office has 'best seller'

R. J. O'Neil, Belleville postmaster, has announced that the new book about stamps and stamp collecting has become a best seller.

This is the new book, "Stamps and Stories, the Exciting Saga of U.S. History Told in Stamps," published by

the U.S. Postal Service in collaboration with Scott Publishing Co.

The book went on sale at the Belleville post office on June 1.

This is the first U.S. Postal Service book to fully illustrate

U.S. stamps in color and to list the values on each issue from 1847 through mid-1972. The history as told by the stamp itself has been expanded by the text to provide insights into the person or event portrayed. There are 114 stories to augment the 2,000 stamps reproduced in full color.

The book has 224 pages, is pocket sized and is available in a paperback edition for \$2 at the Belleville Post Office.

Scouts camp out for week

Fifteen scouts from Troop 739, sponsored by Merriman Elementary School in Romulus, recently returned from a weeklong camping trip at the D Bar A Scout Center near Oxford.

The boys participated in swimming, hiking, fishing and horseback riding activities. About 16 parents arrived in the middle of the week for parents' night. Due to a mix-up, the mothers ended up cooking the meal for the group.

The prime task for the week was earning merit badges.

Accompanying the scouts were Scoutmaster Fred Hall and Lee Bassett and two fathers who chaperoned, Richard Smith and Chuck Palmer.

Stout is at MSU clinic

Keith Stout, 37801 Castle Drive, Romulus, is attending the Michigan State University Athletic Instructional School at East Lansing this week.

Stout is participating in the instructional school's football sessions, which are being conducted by Michigan State coach Duffy Daugherty and his staff.

Merchants down Mack Loop rival

Belleville's two entries in the Connie Mack Baseball League met Sunday with the Belleville Merchants triumphing over American Waste, 4-1.

Ed Braniman pitched a five-hitter as he led the Merchants to their win.

American Waste hurler Jerry Cole gave up only six hits and struck out nine.

Larry Fix and Vern Gowen paced the Merchant attack with two hits apiece.

Bob Johnson accounted for the only American Waste run when he socked a homer.

Both Belleville entries went down to defeat in Saturday games.

Stein & Gates of Ann Arbor topped American Waste, 7-2, and Lano of Ann Arbor beat the Belleville Merchants, 5-4.

The weekend results left the Merchants with a 10-6 record and American Waste with a 5-11 mark.

Inkster to hold tourney

The Inkster Golf and Athletic Club will hold its 12th annual Open Amateur Golf Tournament at the Green Oaks Golf Course in Ypsilanti on Saturday and Sunday.

Trophies will be presented to the top finishers and there will be a total of \$1,000 in prize money.

The event will have five flights for men and three flights for women.

The first starting time will be at 8:30 a.m. on both days of the tournament.

For further information contact Ernest Anderson (729-0183), George Lyons (729-1141), Alfred Lee (864-2972), or Robert King (563-5102).

Diving classes slated

A competitive diving class will be held at 5 p.m. Monday at the Belleville High School swimming pool.

The class will be conducted by Frank Musser, the diving coach of the Tiger Swim Club.

Three of the Tiger Swim Club divers won medals in recent competitions.

Aleta Rice finished first in the one-meter event in the girls 15-17 year old division at the State Outdoor Junior Olympic Meet.

Ray Liebler finished first in the one-meter event in the boys 13-14 division in the State Indoor Junior Olympic Meet.

Barry Susterka finished first in the one-meter event in the 15-17 year mens division at the State Outdoor Junior Olympic Meet.

Car wash Saturday

The Southwestern Hockey and Skating Association of Belleville will hold a car wash and bake sale from 9 a.m. until 5 p.m. on Saturday, August 5 at the Township Fire Hall.

There will be a charge of \$1 for each car that is washed. Proceeds from the car wash and bake sale will be used by the Association to help meet expenses for this winter's season.

VERSATILE — Modular western wood deck proves versatile, as 4x4-inch squares can be adapted to almost any flat or sloping yard space over lumber gridwork. Some can be left out to allow for trees, flower beds, privacy screens. Panels are 2x4-inch pieces over plywood.

Modular deck easy to build

A handsome wood deck built recently in Santa Barbara, Calif., can be duplicated readily in almost any yard space, large or small, because it's a highly versatile modular system. Yet the average home handyman can build it.

This deck's checkerboard design looks far from simple, but it really is. The secret lies in 4x4-foot squares or pallets, which make up the entire deck, placed over a lumber gridwork.

Some squares may be left out in favor of trees and shrubs, fish pond or barbecue pit. These openings can be changed at any time to vary appearance and uses of the deck area.

Sections of the deck may be elevated to furnish contrast, or it all can be laid on one level, with benches and privacy screens or railings to bring in vertical visuals.

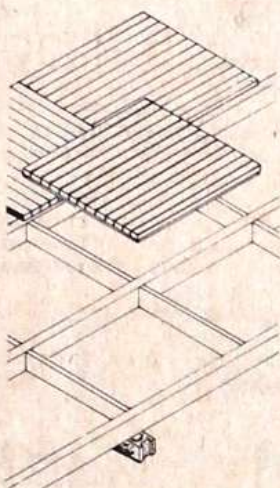

Lumber framing makes it possible to assure a level deck, regardless of the ground slope. Lengths of the posts can be adjusted from where they stand on concrete piers.

The squares are a snap to build. In fact, a homemade jig can speed up the job of turning them out.

Just saw 4x8-foot panels of exterior grade plywood across the middle, cut western wood 2x4-inch lumber into 4-foot lengths, then fasten the 2x4s to the plywood squares with nails or screws driven from the panel side.

Leave a one-eighth inch gap between the side-by-side 2x4s for drainage.

Soaking or brushing all wood parts with preservative before assembly will increase durability. If a color finish is desired, apply stain. The underframing is more

MOSAIC — Squares built of 2x4-inch lumber over half-sheets of plywood rest on grid of 4x4s, spaced at four-foot centers, leveled stop posts.

difficult to build, but sturdiness is more important than neatness. The gridwork should provide four-sided support to all deck modules.

Basic to the gridwork are the "floor joists" built of 4x4-inch lumber, which will provide plenty of supporting edge around each panel.

The deck squares will butt against each other, but a trim of two-inch lumber can be applied wherever panel edges will show, around the deck perimeter and to line the openings left for plantings.

A foldout plans sheet details every step in building this modular deck, plus compatible all-wood bench, screen and table. It includes both photographs and drawings, and a materials list.

For plans, write to Daily Eagle, Home Editor, 35540 Michigan Ave., Wayne, Mich. 48184. Ask for "Wood deck plans" and enclose 50 cents in coin.

On the house

By ANDY LANG

A do-it-yourself chore once requiring at least some measure of skill, painting a room in your house can now be accomplished in a fairly professional manner once you have recovered from put-it-off-itis.

Modern paints go on easier, hide better, last longer and are more washable. And the use of a roller in conjunction with a brush enables you to do the job in half the time.

You are the way to a good result if you will spend just a little extra time preparing the surface before applying the paint. This means freeing the wall of loose dirt, peeling paint, oil and grease. Loose paint should be scraped away, dirt taken off with a dry mop or a vacuum cleaner attachment, oil and grease removed with an odorless paint thinner or a detergent, and cracks and holes filled with spackling compound or some other type of patching plaster.

Where gloss or semi-gloss enamels have been used in kitchens and bathrooms, any remaining gloss should be dulled with sandpaper or with a special compound you can buy from your paint dealer. This is necessary because paint will not adhere well to slick surfaces.

Also before starting, remove switch plates and outlet covers; then when you paint the exposed areas and replace the plates and covers, you'll have a neat result. It also eliminates the problem of removing bits of paint that cling to the plates and covers when you attempt to paint around them. Should you wish to paint the plates and covers, remember what was said about paint not sticking well to shiny surfaces. A little steel wooling will accomplish the required dulling.

If the ceiling is to be painted along with the walls, do it first. Use a roller with an extension handle and paint across the width of the ceiling rather than the length. This will prevent lap marks even though many of today's paints, especially the latexes, minimize this possibility.

Although you probably will use a roller for the walls, use a paint brush with a small amount of paint on the tips of the bristles only. Angle the brush into the corner of the wall and ceiling to make light, horizontal strokes so the bristles ride naturally in the upper corner. Proceed immediately by painting a small wall area to keep the edges of the line wet. Then use smooth, vertical strokes in rolling the

paint on the remainder of the wall.

You may think you can be careful enough not to splatter paint on the furniture or drapes. Don't try it. Remove as much furniture as possible toward the center of the room. Take off drapes and curtains, cover everything possible and get out of the room valuable pieces that might be knocked over.

(Caulking, faucet leaks and toilet tank repairs are among the 35 subjects in Andy Lang's helpful handbook, "Practical Home Repairs," available by sending \$1 to this newspaper in care of Box 5, Teaneck, N.J. 07666.)

Here's the answer

By ANDY LANG

Q.—I have to install some wooden posts into the ground. I intend to buy a wood preservative for the bottom parts of the posts. While I planned to coat the posts with a brush, my friend says that it is better to spray on the preservative. Is he right?

A.—Spraying would seem to be a little less practical than brushing in the case of just a few posts. But the best way to get the preservative deeply into the pores of the wood is to soak the posts thoroughly. This is done simply by pouring the preservative into a container large enough so that the posts can be placed upright in it. Depending on the size of the container, soak one post at a time or all at once.

Q.—Some years ago I had some experience using a spray gun with paint. I now have a few small spraying jobs around the house and plan to purchase one of those aerosol-type spray cans. Is

there some special technique for handling it?

A.—If you remember how you handle the spray gun, use the aerosol can the same way. In case your memory is hazy, the spraying should be done about 10 or 12 inches away from the surface being covered. Start slightly to one side of the target, keep spraying as you move your hand and arm across the object and don't release the spray button until you have passed the surface. Always keep the spray can going in a straight line.

Q.—I have to take some paint off a wood wall. I am afraid that using a paint remover might cause too much of a mess. Will I be able to get the paint off with my belt sander?

A.—Yes, a belt sander is good for that purpose, but the sanding also will create a mess, so be sure everything in the room is covered. You will need a special abrasive belt

(probably more than one) for the paint removing, so tell your dealer what its purpose will be and he will give you the correct type.

Q.—We are having our house painted by a professional. He tells us that the peeling of one of the outside walls is caused by moisture coming from the kitchen. How can we prevent this?

A.—The use of an exhaust

fan will help remove the moisture and at the same time prevent the walls of the kitchen itself from becoming covered with cooking grease.

Van Buren trustee candidates offer answers

TRUSTEE (Republican)
Robert J. Beck of 8537 Mom's Drive did not respond to questionnaire.

TRUSTEE (Democrat)
Al Cicotte, 45473 Lilac Lane, is a manager with the Prudential Insurance Co. He attended Dearborn Junior College and has been a resident of Van Buren for nine years. He and his wife, Dena, are the parents of five children. He currently serves on the Van Buren Township Recreation Commission and is a member of the National Association of Life Underwriters. He served in the U.S. Air Force from 1948-51.

Answer 1: As a member of the recreation commission, at the present time and after observing the recreation of the township over the last three years, I feel I could offer a better service to the community as a trustee in the area of recreation and other vital issues that arise.

Answer 2: Having five children to raise in our community, I am extremely interested in what happens on major issues and I feel with my business background of dealing with people and issues that I can offer some service to the community.

Answer 3: No response was received.

TRUSTEE (Republican)

Fred J. Domen, 7995 Marlowe, is a lifelong resident of Van Buren Township, residing at his present address for three years. A stock sales manager with Pioneer-Detroit, he is a 1959 graduate of Belleville High School and attended Eastern Michigan University. He and his wife, Darlene, have four children. He has belonged to the Belleville-Van Buren Jaycees

for nine years, serving as chairman of the board, and also was chairman of the July 4 fireworks display. He also has served as secretary to the Jaycees, as well as vice-president, director and immediate past president. In 1968 he was named that organization's Outstanding Young Man.

Answer 1: I have been asked by many people and organizations, including the Jaycees, to get involved and try to change the trend of thinking of our township board from the interests of the present to the interest of the future, both young and old. I have seen too many special interest groups achieve satisfaction at the expense of the local taxpayer, and I want to stop this.

Answer 2: 1- I have been a board member of many local successful organizations;

2- I believe in the youth of our community, as the backbone of our future, and that is why I have either promoted, sponsored or assisted on Little League football, Little League baseball, Babe Ruth, Cub Scouts, Boy Scouts, band, Junior Miss Pageant, Huron Valley Pollution Control Commission, Township recreational facilities and all other productive community achievements;

3- My experiences as a local businessman and progression through the ranks of my present employment exemplify the leadership abilities needed in this crucial period of our local government;

4- I think my best qualification for the office of trustee is that I have never been a committed party member or voter. I have always considered the issue in question, or man for office before voting in any election or mandate.

5- I have been an active voter and resident since attaining the age of 21 in 1962. I am concerned in people and government.

Answer 3: The offer of Edison Lake and park, township recreational facilities, and representation of the public and honest government.

We have now the one and only possible chance to gain one of the most valuable assets to our community. This would be Belleville Lake and Surrounding properties which include the private Edison Lake Park. This could open the lake and park to all residents of the township, instead of the few people who are fortunate enough to have secured a homestead on its bank. Township residents who have driven by this lake and dreamed of having access to it, will not have only access, but would be able to enjoy the 100 acres park and recreational facilities as well. It is also a deterrent to the expansion of Willow Run Airport and the acquisition of tax paying township land by the Wayne County Road Commission or any other governing authority.

I feel that it is time that we appropriate some of the reported \$200,000 of our recreational funds toward recreational facilities for all township residents. The only facilities that I know of now available are the tennis court, (Built from township funds), and the ball field behind the township Hall (Built by the Jaycees and used primarily for Babe Ruth baseball).

I do not feel the wishes or

best interests of the residents of this township have been examined or fulfilled in many years. This has been exemplified many times recently, and will, if not changed properly, destroy our unalienable right of government, of the people, by the people, and for the people. I would like to represent all of the people of this township regardless of their age, race, religion, or political affiliation. In fact, take the politics out of local government, and work for the people instead of the party or special interest groups.

TRUSTEE (Democrat)

Ralph Archer Gillingham Sr., 9864 Hamilton, is a general manager with the Kirby Co. of Washtenaw, Inc. A 1947 graduate of Sandusky (Ohio) High School, he has been a resident of this community for eight years, 15 months at his present address. The 43-year-old candidate and his wife, Barbara, have four children. He served in the U.S. Air Force in 1946-47 and 1955-56.

Answer 1: Because I believe I can do a good job for the people in Van Buren Township and also I feel that the people need information about important items that they are not getting.

Answer 2: I deal with people every day and I have an intense interest in their feelings.

Touring teens stop in Belleville

It was a tired and hungry group of teenagers who unloaded at noon on Monday of last week at the Odd Fellows Hall in Belleville.

The 38 youths were on a cross-country tour after being picked to make the trip by the Odd Fellows and Rebekah lodges in the United States and Canada. The 16-18-year-olds had won the experience through an essay contest at their high schools on "Why I'm glad to be an American (or Canadian)."

The group visiting Belleville was from Minnesota, Wisconsin and Thunder Bay, Ontario. The tour, which began in Minneapolis, Minn., will have traveled 3,500 miles in 16 days by the time it returns.

The youths were covering 26 states, spending four days in New York City, where they attended a musical show, met some actors and actresses and dignitaries from foreign countries at the United Nations Building.

The Belleville Odd Fellows Lodge served the hungry

group sloppy joes, cookies and other refreshments. Rebekah lodges feed the group along its route.

The tours originate all the way from California to New York, and from Texas to the most northern states.

Those chosen do not have to be related to Odd Fellows or Rebekahs. The only requisite is that the youths be good students and of good moral character.

New Boston resident wins

A New Boston man was the grand prize winner in a 50-50 raffle sponsored by the Sumpter Township Jaycees Sunday.

J. Hughey of 36928 Huron River Dr. won \$400 in the raffle.

An Oak Park man, Jim Mullins, was the second prize winner and received a gallon of liquor.

I feel that having that interest, I can do a good job as trustee for them.

Answer 3: 1. Not giving the public the facts on bills before they are to vote on them.

2. I don't feel anyone has the right to say that the people can't vote on any issue that concerns them and their families.

3. I don't believe the people are being told the truth as to how their tax dollars are being spent.

4. Recreation and parks in Van Buren Township are not

being looked after by the board that is now in power.

I believe the public should know the facts without anyone being able to distort them before any item is ever put on a ballot so that they can give a true vote. That way there would be no reason for any further arguments on any subject.

I do not feel under any conditions that regardless of who they may be, no person has the right to tell or control the people in this township to the point that the registered voters don't have the right to

vote on any subject which concerns them and their families, which happened at the last two township meetings.

I feel that the people in this township should know where the money that they are paying in any form into this township is going and what it is being spent on.

There is \$200,000 laying somewhere for parks and recreation and has been for some time. I have children and there are now a lot more and it will be even greater in the near future. There is no

reason for that \$200,000 not to be used when it is for this.

GARY OWEN

DEMOCRATIC CANDIDATE FOR
STATE REPRESENTATIVE

22nd District

City of Belleville Van Buren Township
City of Ypsilanti-Ypsilanti Township
City of Romulus (Pct. 7)

- Bachelors Degree and Masters Degree from the University of Michigan.
- Taught state and local Government at Washtenaw Community College
- Ypsilanti Township Trustee.
- Appears in the 1972 Edition of Outstanding Young Men of America.
- Described as a "New Force in Local Government" by the Huron Valley Advisor.
- Served on the Washtenaw County Executive Board for the Democratic Party and has been a Delegate to State and Local Democratic Conventions.

GARY OWEN GETS RESULTS ON CURRENT ISSUES

OPPOSED BUSING IN 1970

GARY OWEN opposed Cross-District Bussing in his campaign in 1970 and still opposes that concept. In 1970, Gary Owen warned of the danger created by the inactivity in Lansing on the Bussing issue. The problem of Bussing is a direct result of the failure on the part of the legislators in Lansing to come to grips with the property tax questions and the inadequate funding of local school districts by the State. Every child in the State of Michigan deserves an opportunity for an equal education. Cross District Bussing does not solve that problem, but only serves to further complicate it.

POLLUTION OF BELLEVILLE AND FORD LAKES

GARY OWEN in his capacity as Ypsilanti Township Trustee has demonstrated a sincere concern for the future use of Ford and Belleville Lakes both as a source of water and as recreational facilities.

1. GARY OWEN initiated an Ordinance in Ypsilanti Township aimed at controlling the use of phosphate in Ypsilanti Township.
2. GARY OWEN petitioned for the establishment of a water management district that can locally establish tough pollution control standards and programs.
3. GARY OWEN sued the Water Resources Commission to establish a water pollution control plan for the Huron River. This suit is credited by many with forcing the cities of Ann Arbor and Ypsilanti into removing their sewage plants off the Huron River.
4. GARY OWEN proposed and helped in the adoption of one of the toughest soil erosion ordinances within the State of Michigan.

TAX REFORM

The working man has for years been the hardest hit of all the income earning groups. His vote has been taken for granted by self serving politicians.

GARY OWEN supports a tax program that benefits the working man by assuring that regressive taxation is not further imposed upon the factory worker, tradesmen, teachers and small businessmen of the State of Michigan. GARY OWEN proposes the abolition of local property taxes as a method of financing local schools and the substitution of a personal graduated income tax so that the obligation can be more evenly distributed. The Tax Program proposed by GARY OWEN benefits eight out of every ten families in the State of Michigan and is aimed directly at solving the problems of the working man. Further, the program proposed by GARY OWEN would help to resolve some of the problems presently faced by those persons on a fixed income such as Senior Citizens.

MOBILE HOME PARKS

Recently, GARY OWEN drafted one of the toughest Mobile Home Ordinances in the State of Michigan. It assures that in Ypsilanti Township Mobile Home Park Owners cannot continue many of the dictatorial demands placed on park residents such as entry fees and other non-returnable charges. The Ordinance proposed by GARY OWEN would force Mobile Park owners to maintain park facilities, such as roads, recreational areas, community facilities and improved landscaping. This Ordinance eliminates the monopolistic powers presently in the hands of the mobile home park owners. GARY OWEN suggests that this Ordinance be made effective State wide and it will be high on the list of priorities which GARY OWEN proposes to work on in Lansing.

Buren Township. He also is on the board of directors for the Michigan Aeronautics and Space Association, and is a supporter of the Babe Ruth and Little League teams for the past four years. He served in the U.S. Army's 8th Service Command from 1941-43.

Answer 1: Equalized taxation, concern with lack of progress concerning community, and interest with the people's feelings in regards to the lake issue.

Answer 2: Two years experience with Michigan Secretary of State in the capacity of branch manager, approximately two years as a member of Van Buren Sewer and Water Commission, vice president of Hink Enterprises for 20 years.

TRUSTEE (Democrat)

Thomas M. Kelly, 21 Locust St., is an apprentice electrician with Corteville Electric Co. A resident of the community for two years, he was graduated from Pinckney High School in 1969 and at-

tended Eastern Michigan University and the Detroit Electrical Training Center. The 21-year-old candidate is a member of the Belleville-Van Buren Democratic Club and was elected a precinct delegate to the Democratic convention. He also served as a board member and chairman of the Youth Activities Committee for the Democratic Club.

Answer 1: Too many people of my age group are apathetic when it comes to our government. I feel the people of my age group must start now to work within the boundaries of our society. We must learn now the skills and wisdom of the older generation and use them with the vigor and idealisms of our youth to create a better tomorrow for all.

Answer 2: My only qualifications are the need and desire to do a good job and learn what must be learned to do a better job. I will not make any campaign promises because I feel too often the public has been fed a lot of empty promises by politicians in the past. All I will say is that

I will do my best to make honest and intelligent decisions. Representation is the key word and I want to make a good representative of the people.

Answer 3: There is a big demand to put the issue of the lake property back on the ballot. I feel that a public debate is in order and the people should have all of the information before they go to the polls. But, it should be back on the ballot.

TRUSTEE (Republican)

Darwin R. Kureth, 1109 E. Huron River Dr., owns and manages Kureth's Apparel Shop. A 1927 graduate of Henry Ford Trade School, he has taken night classes in mathematics, tool design, and fundamentals of aircraft engineering, along with a Dale Carnegie course. The 64-year-old candidate and his wife, Laura, have two daughters, one of whom lives at home. A lifelong resident of the community, he was elected Van Buren supervisor in 1961 and from 1961-63 served as a Wayne County supervisor. He

also has been a member of the Belleville Community Hospital board and the Peoples Community Hospital Authority (PCHA) board. He is a member of the Belleville Area Chamber of Commerce and the Van Buren Republican Club.

Answer 1: Because my term as township supervisor gave me two years experience on the board of trustees. Also, I feel it is my duty to try and help the present Republican members of the board in their efforts to give Van Buren Township honest government. Due to their minority position on the township board over the past many months, they have been unable to completely clean up the horrible mess existing in our township. Consequently, I want to help them finish the job they are trying so hard to do.

Answer 2: My experience, interest in community affairs and 30 years of residency in Van Buren Township.

Answer 3: A. Integrity in all our board members. This necessitates elimination of at least three. Success of the above will return control of the township to the people and remove it from the hands of our present manipulators and developers.

B. A more rigorous watch (by the board and accounting department) over our monies as they pass through the office of the treasurer of the township.

C. Acquisition of Edison lake and park by a simple vote of the Township Board.

D. Busing — Our problems are very real and they must be resolved, but I do not believe this is the way. Busing, in my opinion, could be likened to rubbing the scab off a partly healed sore. No, we must find a better answer.

E. Airport — I shall fight it. We don't want it. We don't need it, and other areas would like to have it.

TRUSTEE (Republican)
Jack C. Lawson of 12109 Ryznar Dr. did not respond to the questionnaire.

TRUSTEE (Democrat)
Jerry Maton, a trustee on the board for the past 10 years,

is employed in the credit and adjustment department of the Detroit Edison Co. A former constable, planning commission member for four years and zoning board of appeals member for two, Maton is a lifelong resident of the community. He and his wife, Irene, reside at 12175 Beckley Rd. and are the parents of three girls. He has served as past president of the Van Buren Democratic Club, which he is an active member, and also is a past commander in the VFW Post #34. He served in the 41st Infantry Division for the U.S. Army in World War II.

Answer 1: Actually, I am seeking a fourth term as trustee. My decision to run is based on my conviction that everyone has a responsibility to the country in which they live. Because of my 10 years' experience as a trustee, I feel that my obligation to my fellow township residents can best be met by continuing to represent all the Van Buren Township residents on the township Board as a trustee.

Answer 2: My qualifications are in three basic areas — my 10 years of experience as a trustee, two on the zoning board of appeals, four years on the planning commission and two years as a constable; my business experience with the Detroit Edison Co., and my recognition that a good township official evaluates all of the facts on any issue and then votes in such a manner that the people of Van Buren Township benefit first, not special interest groups.

Answer 3: Because this is a primary election, I feel that the major issue is nominating candidates that have proven leadership ability, understand how a township operates and recognize that to serve all the people, they must owe allegiance to no one.

Although not a specific issue, I feel that Van Buren Township is at a critical crossroad. Because of its great growth potential, many developers are and will continue to push this growth rate. With my additional experience on the planning commission, I feel that I have a good background in planning which will greatly assist me in

assuring the voters Van Buren Township grows in a manner that benefits all township residents.

TRUSTEE (Democrat)
Paul J. Ostrowski of 40452 Robbe did not respond to the questionnaire.

TRUSTEE (Republican)

Betty Jane Ottewell, 6920 Sheldon, works part-time as a doctor's assistant. A 1947 graduate of Wayne High School, she has lived in the community for three years. She and her husband, Samuel, are the parents of three children and have two grandchildren. The 42-year-old candidate is a member of the Van Buren Homeowners Association and the Airport Research Committee. She served as vice chairman of the homeowners group and secretary to the airport committee.

Answer 1: Because I feel the decisions that are made to rule the township should reflect the will of the majority of the population. Also, that everything that is done should not be politically motivated but should reflect the will of the people, because the people are the ones that the people in these offices should be working for.

Answer 2: The only qualification that I have is the fact that I believe it's time this local government is run in the interest of the people. I have an open ear and am prepared to listen to the people and act in their behalf because after all it is their township.

Answer 3: The proposed expansion of Willow Run Airport — I am against the expansion. The acquiring of Belleville Lake and Edison Park by Van Buren Township

— I am in favor of the township accepting the lake and park. Giving the people a say in their government.

TRUSTEE (Democrat)
Mrs. Julie Sawmiller of 774 Sumpter Rd. did not respond to the questionnaire.

Richard R. Sobieralski, 32, of 10633 Van Buren St., is a customer service engineer with IBM. A resident of the community for two years, he and his wife, Joan, have three

daughters. He served in the U.S. Army from 1957-65.

Answer 1: I felt the need to be of some help in the community and recognize some of the problems facing us.

Answer 2: I have the right attitude and motivation to help our community progress and grow to be and stay one of the finest Michigan has.

Answer 3: Willow Run expansion — against; Belleville Lake and Park gift from Edison — for.

Mayor Smith promises to fight airport proposal

Mayor Royce E. Smith, candidate for the Democratic nomination for state representative for the 22nd District, said this week that if elected he would be most interested in leading a major effort to stop a proposed industrialization of Willow Run Airport.

Smith, 56, was tabbed by some news media as "the mouse that roared" after he and a handful of others successfully led a court fight to stop taxpayer money from being used for a domed sports stadium in downtown Detroit recently.

He said this week that although he has long had an interest in the fight against county takeover of Willow Run — and has twice volunteered to help join a fight in Lansing to that effect — no one has ever taken him upon the offer. "I do not wish to be critical of anyone, but I have followed this project with considerable interest and must say that, to this point, I cannot point to a single effective thing that has been done by anyone to stop the airport project and the

taking of the land from citizens around it," Smith said.

Smith, a former county supervisor, said he would agree the chances of stopping the county from taking the land around the airport if it really wanted to were "slim," said he felt the only effective way of combatting the situation further would be from Lansing.

"The issues involved here are those of the powers of imminent domain and of the condemnation acts," Smith explained.

"It is perhaps not realistic to think in terms of doing away with the imminent domain provisions completely. But it is not that far fetched to consider amendments and adjustments in the various provisions of the act that would make it give considerably more consideration to both local governing units and people of the communities involved."

Smith noted that he had been involved in condemnation cases in his earlier years in Western Wayne County.

"I do not think it unreasonable that a number of other state representatives and administrators could be brought to see the injustices and hardships — both to individual property owners and the Van Buren community at large — that are inculcated in the airport industrialization as now proposed," he said.

The Belleville mayor stated he did not think it would be proper for area residents to simply turn their backs and

reasoning to the anticipated needs of the metropolitan area in general as they relate to the proposed airport project.

"The issue, as it now stands, however, is one in which the county would practically 'sacrifice' a substantial portion of its own political subdivision — and the many individuals and taxpayers living on it — for the sake of a project which is at this time little more than a favor to a couple of giant industries," he said.

"I am for seeking solutions to all problems — both current and future — but definitely not for possibly solving an unconfirmed problem with definite injustices and hardships to human beings and their property and community," he added.

Smith's opposition to the industrialization project, since it was first proposed nearly two years ago, has been that the only possible benefits would be in certain tax and industry location advantages.

He adds, however, that any alleged advantage would be dissipated by county ownership and, now, the likelihood of the state going more to a graduated income tax as major revenue source.

Smith has said that, in his opinion, the Willow Run site offers "no particular advantages to its proposed use other than it happens to already have some concrete poured for runways — which is not sufficient reason to uproot schools and total neighborhoods."

County accepts NBD bid

The National Bank of Detroit was the successful bidder on \$14.7 million in motor vehicle highway fund bonds offered by the Wayne County Road Commission to finance an extensive highway repair and resurfacing program throughout the county.

The bids were opened July 6. Of the five submitted, NBD's was the lowest, offering a net interest rate of 4.39905 per cent.

Michael Berry, chairman of the three-member Board of Road Commissioners, said the bonds would be retired with revenues from gas and weight taxes.

"The bond money," said Berry, "will enable the Board to embark on an intensive two year reconstruction program without waiting for accumulation of gas and weight money."

ELECTION NOTICE

To the qualified Electors of the County of Wayne, State of Michigan:

NOTICE IS HEREBY GIVEN THAT AT THE PRIMARY ELECTION TO BE HELD IN SAID COUNTY OF WAYNE, STATE OF MICHIGAN, IN THE REGULAR VOTING PLACE IN EACH ELECTION PRECINCT IN EACH CITY AND TOWNSHIP IN THE COUNTY OF WAYNE, STATE OF MICHIGAN, ON TUESDAY, THE 8TH DAY OF AUGUST, 1972, BETWEEN THE HOURS OF 7:00 O'CLOCK A.M. AND 8:00 O'CLOCK P.M., THE FOLLOWING PROPOSITION WILL BE SUBMITTED TO THE ELECTORS OF SAID COUNTY:

COUNTY PROPOSITION — TAX LIMITATION PROPOSITION

"Shall the County of Wayne continue for five additional years (from 1975 through 1979) the one mill approved by the voters in 1968 for five years from 1970 through 1974, the proceeds to be used to continue existing county services, including public health, recreation and safety services, maintain hospitalization for the medically indigent, help furnish medical care of the aged poor, help care for and train juveniles under county care, help provide treatment for the mentally ill and those suffering from tuberculosis?"

All registered electors may vote on the Tax Limitation Proposition.

This proposition is being submitted in accordance with the following resolution duly adopted by the Board of Commissioners of said County on the 1st day of June, 1972.

RESOLUTION OF BOARD OF COMMISSIONERS OF THE COUNTY OF WAYNE

WHEREAS, the voters of Wayne County on September 1, 1964, did approve a one mill tax levy increase (\$1.00 per \$1,000 of State equalized valuation) for a period of 5 years from 1965 through 1969; and

WHEREAS, the voters of Wayne County on August 6, 1968, approved a renewal of this millage for a period of 5 years from 1970 through 1974; and

WHEREAS, this one mill was absolutely essential to provide basic County services in such areas as hospitalization for the medically indigent and aged poor and for caring and training of juveniles under County care, providing treatment for the mentally ill, and those suffering from tuberculosis, and for maintaining adequate public health, recreation and safety services; and

WHEREAS, the County has no alternative but to seek the voters' approval for the continuation of the existing one mill extra voted levy in order to maintain minimum essential services; now, therefore, be it

RESOLVED, by the Board of Commissioners of the County of Wayne, this 1st day of June, 1972:

1. That there be submitted to the qualified electorate of the County of Wayne, State of Michigan, at the primary election to be held in said County on Tuesday, August 8, 1972:

COUNTY PROPOSITION — TAX LIMITATION PROPOSITION

"Shall the County of Wayne continue for five additional years (from 1975 through 1979) the one mill approved by the voters in 1968 for five years from 1970 through 1974, the proceeds to be used to continue existing county services, including public health, recreation and safety services, maintain hospitalization for the medically indigent, help furnish medical care of the aged poor, help care for and train juveniles under county care, help provide treatment for the mentally ill and those suffering from tuberculosis?"

2. Said proposition shall be prepared and distributed by the County in the manner provided by law, which statement on the voting machines and ballots shall state the proposition in the form set forth in the preceding paragraph.
3. All public officials of the County of Wayne, State of Michigan, and all municipal units thereof, within such time as shall be required by law be, and they hereby are, directed to do and perform all acts and things which shall be necessary to be done or performed in order to submit the foregoing proposition to the electorate of said County at such primary election to be held on Tuesday, August 8, 1972.

LOUIS H. FUNK, WAYNE COUNTY TREASURER

THIS NOTICE is given pursuant to the statutes of the State of Michigan in such case made and provided and pursuant to resolution of the Board of Commissioners herein set forth.
THIS NOTICE APPROVED AS TO FORM AND SUBSTANCE

ALOYSIUS J. SUCHY, WAYNE COUNTY CORPORATION COUNSEL

JOSEPH B. SULLIVAN, WAYNE COUNTY CLERK

Huron candidates answer

SUPERVISOR (Democrat)

George Angel, 65, of 35249 Huron River Dr., New Boston, is a former township treasurer, township supervisor and school board member. Now retired, he has lived in the township for 52 years, all at his present address. He also has been a member of the township planning commission, citizens advisory committee, school study committee and the Peoples Community Hospital Authority (PCHA). He and his wife, Mary, have three children.

GEORGE ANGEL

GEORGE W. MOORE

JEAN E. RICHERT

work very much and wish to continue to serve our community.

Answer 2: During the year that I have been in this position, I have completed the uniform accounting procedures course under the sponsorship of the Michigan Department of Treasury and Michigan State University and transferred the township books to this method of accounting. At the present time I am involved in programming the Burrough's L5000 bookkeeping machine to this system. It will provide the most accurate accounting system that this township has ever had and should mean a great savings in the cost of auditing.

Answer 3: The growth and development of the community are of major importance to all of us, and hopefully we will see some development in the very near future. I would like to see more of our citizens become concerned with this matter and attend the planning commission and township board meetings.

SHIRLEY BURGESS

MARY LOU CAREY

LOUIS C. LARABELL SR.

Answers 1 and 2: I was elected to the office of township supervisor for Huron Township in 1966 and served in the position until Nov. 20, 1971. I worked with the township board harmoniously and our accomplishments were many.

The township Fire Department equipment, the township hall, offices etc. were in a rundown condition. All were renewed, equipment, fire truck etc. purchased. The large sewer program and water main extensions were planned, engineering and installed, also second sewer and water main extension was planned, engineered and financed available before I left office in November, 1970.

The following 19 months or so, since the present board took office, there has been no progress. The supervisor and board members have been fighting among themselves, which does not create a good image for a desirable community in which to invest money. The people of Huron Township are well aware of the chaos in our community and are ready to make a change or the better.

Answer 3: Huron Township needs an experienced, dedicated, hard-hitting, energetic and good organizer to get it out of the present chaos, it needs a supervisor who has all these qualifications plus. I am the only person available with all of these qualities. I can and will get Huron on the move again.

SUPERVISOR (Republican)

Christopher L. Macielek Jr. of 36909 Huron River Dr. did not respond to the questionnaire.

SUPERVISOR (Democrat)

George W. Moore, present township supervisor, was elected township clerk in 1970 and appointed to his current job in June, 1971. A 1959 graduate of Huron High School, he attended Henry Ford Community College. A lifelong resident of Huron Township he has lived at his present address on 36980 Ellis for the past four years. The 30-year-old bachelor is a member of the Belleville Moose Club and served in the U.S. Marines from 1963, receiving a Good Conduct award for service in Thailand and Vietnam.

Answer 1: No response.

Answer 2: No response.

Answer 3: Tax reform and fiscal responsibility in spending; direction and support in the area of police and fire.

SUPERVISOR (Republican)

Jean E. Richert, school board secretary for five years, has been a township resident for 13 years, 12 of which have

been at her present address at 34180 Huron River Dr. The 38-year-old candidate has a bachelor's degree from Alma College. She and her husband, Dr. Joseph J. Richert, have six children. She was elected to the school board in 1967 and 1971, and is a member of the Women for the United Foundation Board of Directors. She also belongs to St. Paul's Lutheran Church and the Wayne County, Michigan and U.S. Association of School Boards. Her other affiliations include People for Huron and the Wayne County Community College Citizens Advisory Committee.

Answer 1: Because I feel that I can do an excellent job, both in the office and as a representative of the township at the county, state and national levels. Huron Township needs a firm hand in guiding it through the developmental stages which we are now faced. The structure of my community is important to me and I feel that I can make a worthwhile contribution in this growth.

Answer 2: I have a B.A. from Alma College, considerable experience in business and five years of education from the board of education. I am capable and able to organize well.

Answer 3: Development of Huron Township. Any development must serve to better our community. It must make a positive contribution. The present trailer court is assessed at a low figure and does not pay the sewer tap the other citizens are paying. A trailer park must pay its way just as the other homeowners do. Any other development coming in must also adequately compensate the community. We cannot afford to "help out" developers. It must be the other way around.

SUPERVISOR (Republican)

Ronald Wheeler of 29460 Prescott Rd. did not respond to the questionnaire.

CLERK (Republican)

Shirley A. Burgess, 42, of 27117 Waltz Rd., New Boston, serves as a school bus driver for the township school system. A resident of Huron Township for 17 years, she served as a Republican party delegate from 1970 until present. She has served as chairman of the nominating committee for the PTO, in addition to acting as leader and community leader for the 4-H for nine years. She and her husband, Richard H., have three daughters.

Answer 1: To promote better government for all the people of Huron Township.

Answer 2: Experience in secretarial, bookkeeping and computer work. Organizational experience in all types of paper work and personnel. Courses in political science at college level and local experience in township on annexation and ordinance committees. Past president of Huron Health Committee. Leader of Brownies and Girl Scout Juniors in Community.

CLERK (Democrat)

Mary Lou Carey, 39, of 20581 Gentz Rd., New Boston, is the incumbent township clerk, being appointed to that position in June, 1971 to fill a vacancy in an unexpired term. She holds a certificate in uniform accounting for municipal government. A 22-year resident of the township, she and her husband, Robert, have two daughters. She is past secretary-treasurer of the now defunct Huron Township Democratic Club.

(Continued on page B8)

CLERK (Democrat)

Louis Charles Larabell Sr., a member of the school board and former township trustee, has lived in the township for 26 years. President of Cadillac Floors, he was a trustee from 1964-68 and has been a member of the school board since 1967. He was a candidate for the clerk's post in 1964 and ran for a trustee's spot in 1968. He and his wife, Rose, live at 28851 West Rd., New Boston, and have four children. He belongs to the Rotary Club, having served as vice-president, treasurer and secretary, and the Huron Township Fire Department 3.

Answer 1: I was appointed to this position more than a year ago and have taken special educational courses to enable me to do a more efficient job. I have enjoyed the

The following state and county proposals will appear on the ballot:

PROPOSAL A

PROPOSED CONSTITUTIONAL AMENDMENT TO ALLOW TRIAL BY A JURY OF LESS THAN 12 JURORS IN ALL PROSECUTIONS IN ALL COURTS FOR MISDEMEANORS PUNISHABLE BY IMPRISONMENT FOR NOT MORE THAN 1 YEAR

This proposed amendment alters the provisions of the present constitution relative to the guarantee of a trial by jury in criminal prosecutions. The constitution now permits juries of less than 12 members in criminal proceedings in courts not of record. The proposed amendment permits a trial by a jury of less than 12 members in any court if the offense is a misdemeanor punishable by imprisonment for not more than 1 year.

Huron candidates answer questions

(Continued from page B7)

Answer 1: In soliciting this office, I feel that our township is on the fringe of some real growth. It would be my privilege to be a part of seeing that this growth comes about in an orderly and businesslike manner to the advantage of the property owner and taxpayers in this fine township.

Answer 2: For more than 20 years, I have been most active in all phases of community development. My experience on the township board, board of appeals, Huron School board should be a good backup for a qualified candidate. I have a genuine interest in the community and the fine people who are a part of this township.

Answer 3: No response.

CLERK (Republican)

Mrs. Wilma J. Wilson of 36906 Huron River Dr. did not respond to the questionnaire.

TREASURER (Democrat)

Edward S. Dulecki, 58, of 34910 Sibley Rd., is a salesman with Astro-Reality Co. He has been an unsuccessful candidate for a trustee and treasurer's post and served as an original member of the township planning commission. A township resident for 23 years, he and his wife, Irene, have six children. He has served as past secretary and treasurer of the Huron Township Democratic Club, vice president of St. Stephen's Usher Club and secretary and president of the New Boston Rotary Club. He also belongs to the Huron Township Sportsman Club and is a member of VFW Post 209 Dad's Club.

Answer 1: Being semi-retired after 25 years in local business, I feel I have ample time and energy to fulfill all obligations required of this office.

Answer 2: Because of my vast experience in successful business enterprises and serving in elected and appointed civic and public organization.

Answer 3: Due to the overwhelming increase in tax assessments both local and county and lack of present treasurer's action in this area. Direct action should be taken to remedy this situation in Huron Township, entice industry to Huron Township to establish a tax base. Busing is for Greyhound.

EDWARD DULECKI

TRUSTEE (Republican)

Peter J. Glaab, 34, of 18460 Hannan Rd., New Boston, is regional director for Alexander Hamilton Life Insurance Co. He attended Oakland County Community College Police Academy and was graduated from St. Mary's High School in Wayne in 1956. A resident of the township for 13 years, he ran unsuccessfully for a trustee's post in 1964. He and his wife, Judy, have four sons and one daughter. He is active in the Little League, Republican Club, National Association of Life Underwriters and has been a trustee in the Juvenile Officers Association of Michigan and Ontario. He also has served on the fire department for six years and police department for three. He has been chairman of the Republican Club and president and treasurer of the Little League, and was named agent of the year of Alexander Hamilton Life Insurance from a field of 700 men. Other affiliations include various church groups at St. Stephen's.

Answer 1: I make decisions based on facts, not emotion or pressure.

2. I feel many problems are presently being handled in poor taste.

3. I am interested in my community and feel I can be a favorable contribution to it.

Answer 2: 1. My general knowledge.

2. I have always been in decision making positions.

3. My desire to help create a board that our people can look up to and be proud of.

Answer 3: Lack of cooperation on the board — I realize this can always occur, but I believe it can be controlled.

PETER J. GLAAB

2. We are experiencing a "one-man show" and I don't care for this particular "show."

3. We have an element of ignorance on our board, and I don't want that type of individual representing our community.

TREASURER (Republican)
Edward Helwig of 32593 West Road, running unopposed for the Republican nomination, did not respond to the questionnaire.

TRUSTEE (Democrat)
Rene F. Campeau of 32230 Sibley Rd. did not respond to the questionnaire.

TRUSTEE (Republican)
William P. Giermann of 1319 Will-Carleton Dr. did not respond to the questionnaire.

TRUSTEE (Democrat)
Gregory Haener, 31, of 35069 Huron River Dr., New Boston, is employed with Ford Motor Co., Dearborn Stamping Plant, as a welding machine and welder fixture repairman. He has had two years of related trade instruction at Henry Ford Community College. A resident of Huron Township for 25 years, he has been living at his present address for four years. He and his wife, Sharon, have three children.

Answer 1: With residential, commercial and industrial development taking place in the City of Romulus and Van Buren and Brownstown townships, it is inevitable that such development start in Huron. I feel that without proper planning the community will be ruined by uncontrolled growth. As a resident and taxpayer, I feel it is my responsibility to take an active interest in its growth and development. I have been considering running for public office for some time. At the urging of friends and neighbors, I have decided to become a candidate for trustee.

Answer 2: In these times no one person can keep up with the property tax structure, bonding procedure and planning. This is why townships and cities hire lawyers and bonding consultants, engineers and planners. I feel that anyone who will take the time necessary, regardless of his or her formal education, to become informed as to the wishes of the residents and voters and the needs of the community can fill the requirements of public office.

Answer 3: The main issue in any city or township election is always taxes. School millage levies and water and sewer bond issues make up the bulk of Huron Township tax rates. Little can be done to reduce the actual millage levied. Large areas removed from the tax rolls, property values and specifically the State Equalized Valuation are the problem.

Present Huron Supervisor George Moore suggested that the county and state be taken to court on this matter. To my knowledge no action has been

taken. I feel that this should be one of the township's prime concerns.

Aircraft noise and its effects chiefly on residents in the north and west portions of Huron has to be listed as one of the issues in this election. A study on noise was begun in Huron, but the present board felt it unnecessary to continue. I feel that the township should attempt to have takeoff and approach patterns adjusted to produce as little noise as possible. Secondly the continuation of the noise study and court action seeking relief or compensation should be undertaken. Cities faced with the same noise problems have been successful in court. Why not Huron Township?

The final issue has to be unity on the township board. No other problems can be solved unless all seven board members work together. This has not been the case in Huron. I feel that no matter how badly split the board is, once a final decision is made on any matter, all members, regardless of their personal feeling or political affiliation, have a responsibility to work to implement that decision. Personality conflicts should be a matter for the individuals involved, and not for public meetings or to be argued in the news media.

For the past 10 years I have been required to work on mostly the afternoon shift. Since most public meetings and the business of civic and professional organizations is conducted in the evenings, it has been impossible for me to participate. However, recently I have been fortunate in being assigned to the day shift permanently. This will enable me to become active in these areas.

TRUSTEE (Democrat)

Eugene A. Rakotz, 35, of 37300 Sibley Rd., New Boston, is employed as a millwright. A 1955 graduate of Romulus High School, he has lived in the township for 13 years. He and his wife, Claudette, have three children. He has been a member of the New Boston Rotary Club for 12 years and a volunteer fireman with Department 1 for 13 years. He has served as treasurer, secretary and president of the Rotary and has been awarded honors from the Boy Scouts for his activity with the scouts through the Rotary Club.

Answer 1: I was thinking of running for trustee on the last election, but didn't, so I thought I would give it a try this election.

Answer 2: I was in business in Huron Township for a period of 9 1/2 years. Gene's Leonard Service. I've made a lot of friends, so I thought that maybe I could be of some help to the problems that face Huron Township.

Answer 3: We'll have to see how the election turns out, on Aug. 8, 1972. Expanding our sewer system is probably the biggest major issue.

DEVERE WILLARD

TRUSTEE (Republican)

Carl T. Renton, former school board member, is assistant superintendent for the Huron School District. He holds a bachelor's degree from Eastern Michigan and a master's in education from Wayne State University. He and his wife, Barbara J., live at 27568 River Lane, Flat Rock, and are the parents of three children. He was elected to the Huron Board of Education in 1963 and 1966, serving as secretary and president during that time. His affiliations include the Hannan Road School PTO, Wayne County School Business Officials, Association of School Business Officials of America and Canada and the Michigan and American Associations of School Administrators. He has served the Wayne County School Business Officials group as secretary-treasurer and is now president-elect. He was awarded the Distinguished Service Award from the Huron PTA.

Answer 1: To contribute my help in providing an orderly and progressive growth within the township at this time.

Answer 2: Experience as a member of the board of education dealing with policy making and administrative experiences dealing with carrying out policies as well as consultant to the Wayne County Tax Allocation Board for four years.

Answer 3: 1. Members of the township board are elected to serve the people; therefore, must understand needs and involvement of their constituents.

2. Planning and execution of total growth of community. This involves the total sewer program and ordinance.

3. Services to constituents—police, fire, rubbish services—are all issues which must be reviewed.

4. Taxes and expenditures should be reviewed and measures taken for more economic application.

CARL T. RENTON

CONSTABLE (Democrat)

DeVere (Dee) R. Willard, constable in the township since her appointment on July 20, 1971, does volunteer work with the Huron Township Police Department. A resident of the township for light years, she and her husband, Irvin J., have five children. The 43-year-old candidate lives at 19137 Huron River Dr., New Boston. She is a member of the Michigan Constables Association, Women of the Moose and the Ridgewood Hospital Auxiliary. She has served as guide for the Women of the Moose aid as Moosehaven chairman. This year she won an award at the target meet of the Michigan Constables Association.

Answer 1: More than a year's experience, interest in this type of work.

Answer 2: Working with juveniles, meeting the public, community service.

Answer 3: Against busing; for law and order; or better trained police, stricter drug control laws, including marijuana.

CONSTABLE (Republican)
Russell J. Wilso of 36909 Huron River Dr. did not respond to the questionnaire.

CONSTABLE (Republican)
Harold T. Asby of 26296 Weigel did not respond to the questionnaire.

CONSTABLE (Republican)
Donald R. Sand of 29109 Van Horn Rd. did not respond to the questionnaire.

CONSTABLE (Republican)
Joseph E. Carne of 27915 Bell Rd. did not respond to the questionnaire.

TRUSTEE (Democrat)
John Puskar of 26880 Romine St. did not respond to the questionnaire.

Rouge clean-up funds approved

Wayne County's Board of Commissioners has given tentative approval to a \$10,000 allocation to assist citizens groups which plan to clear debris from the Rouge River again this year.

Meeting as the Ways and Means Committee, the commissioners approved the appropriation July 20. Final approval is expected at the formal board meeting July 27.

The commissioners acted on a recommendation by the board's Public Works Committee that \$10,000 be allocated, as was done to assist the "Rescue the Rouge" efforts of several citizens groups last year.

The allocation will be used to provide heavy equipment such as cranes, log loaders, trucks, trailers and chain saws from county departments with personnel to operate them.

"Although we face a budget deficit, this is the most efficient possible use of a relatively small amount of money because it will put real muscle into the hard work of thousands of citizen volunteers," said County Commissioner Thomas P. O'Rourke (D-Detroit), chairman of the Public Works Committee.

A spokesman for the "Rescue the Rouge Clean-up Committee" said some 1,000 volunteers will clear debris from the main stem of the Rouge River on the weekend of Sep. 23-24. The county funds will also be used to assist a similar clean-up of other branches of the river being organized by the Jaycees.

All county commissioners serve on the Ways and Means Committee.

Members of the Public Works Committee, in addition to O'Rourke, are John Lesinski of Dearborn, vice chairman, James DeSana of Wyandotte, Huey A. Ferguson of Detroit, James R. McCartney of Westland and Michael J. Rybak of Detroit.

Owners, don't forget your pets

During the current heat wave, pet owners are reminded not to forget their animals.

Animals suffer in the heat too. The Michigan Humane Society recommends that pet owners provide their animals with outdoor shelters and ample water during the time of excessive heat.

The Society also says that owners should avoid shopping with their pets and leaving them in an enclosed car. Temperatures in a closed automobile could reach 120 degrees.

Pets should not be too active during the heat. Too much exercise in hot humid weather could endanger their health.

Parents were reminded to caution their children on motorcycles, after the terrible accident involving 2 of our Townships young people.

Sully Drive residents complained on the use of oil on the road as a dust palliative. Supervisor checked this out with the Wayne County Road Commission and found that the previous Township Board had ordered oil.

As of Monday, July 17, 1972, Township was informed any landfills using commercial fill must first obtain a hard fill permit from the state.

Floor discussion: Mike Czuli complained of Circle Improvement development at Sherwood & Wear draining the lake and water flooding his farm land. Supervisor will check. Richard Krajewski complained of blight conditions at Oakville Waltz and Sherwood. Margaret Sacquety asked about the rubble which had been hauled onto SAT Enterprizes project at Lohr & Parris Road. She will pass a petition.

Motion by Bradley, supported by Chudzinski, to adjourn the meeting. Motion carried unanimously.

Meeting adjourned at 11:00 P.M.

Respectfully submitted

VAN BUREN PUBLIC SCHOOLS MINUTES OF BOARD OF EDUCATION

SPECIAL MEETING
June 5, 1972

A Special Meeting of the Van Buren Board of Education was held in the Board Room of the Administration Building on Monday, June 5, 1972 at 7:30 p.m.

Members present: Mrs. Doris Roe, Mr. Charles Bole, Mr. James Sayre, Mr. Elwood Bos, Mr. Lynne Hamilton, Dr. Richard Muse, and Mr. Robert Archer. Superintendent Kaulitz, Curriculum Director Kohr, and Business Manager Von Destinon were also present.

The following communications which had been forwarded to Board members were presented for discussion by Superintendent Kaulitz:

a. Wayne County Tax Allocation Board Final Order indicating the loss of .25 mills on allocation of tax rates for the school district for the fiscal year 1972-73.

b. Office of the Wayne County Clerk indicating communication from Mr. Bernard J. Apol, State Director of Elections, regarding Michigan six month residency requirement provided for under the Michigan Constitution. The Federal District Court ruled that such voter qualification is in violation of the United States Constitution.

c. Request from Sumpter Young Women's Association for use of school facilities. This communication was tabled for lack of information regarding same.

d. Request from Mrs. Marjorie Lingenfelter and Mrs. Eva Luper regarding the hiring of an additional nurse for the Van Buren Public Schools. This request was tabled for additional study and administrative recommendation.

3. Request from Mr. and Mrs. Walter Murphy regarding installation of fence. This request was tabled pending further investigation and report by committee.

Mr. William Loyd, Recreation Director for Van Buren Township, was present to present a request for use of school facilities for the summer recreational program. After a detailed report, motion by Archer, supported by Muse, and unanimously passed, to approve such request subject to the Township providing custodial staff of at least one person for those facilities requested where the regular custodial staff is not present at or during the times requested; also subject to Township providing the usual certificate of insurance.

Mr. Ed Peck was present to discuss the summer custodial and maintenance work schedule and staffing of same. Motion by Hamilton, supported by Sayre, and unanimously passed, to provide six extra custodial and maintenance people for summer custodial maintenance work.

Superintendent Kaulitz discussed transmittal letter to the Michigan State Boundary Commission. Superintendent was instructed to send to the Commission the original motion of the Board as adopted at a special meeting on May 15, 1972.

A request from the American Telephone & Telegraph Company relative to an easement and permission to install a manhole was discussed and motion by Sayre, supported by Roe, and unanimously passed to approve such request subject to the approval of the school attorney.

A request was presented to increase the hourly pay rate for driver education instructors. After discussion, motion

by Sayre, supported by Archer, and unanimously passed, to deny such request for increased hourly pay.

On motion duly made, seconded, and unanimously passed, the meeting was adjourned.

Sumpter candidates respond to questionnaires

SUPERVISOR (Republican)

Frank John Januszyk, 34, of 19921 Wilmet Rd., is a lifelong resident of Sumpter Township. Owner of the Sumpter Car Wash and Frank's Septic Tank Cleaners, he is a 1956 graduate of Belleville High School. He and his wife, Norma, are the parents of four children. In 1970, he made an unsuccessful bid for a trustee's seat. He is a member of the Sumpter Jaycees, where he has served as president, as well as the Sumpter Fire Department and the Sumpter Social Civic Club.

FRANK J. JANUSZYK

B. PAULINE QUINLEY

AMANDA ROBERTS

ELBERTRAY

WILLIAM J. SMITH

CECILIA CHUDZINSKI

NOAH FOLKS

Answer 1: Like many of the citizens of our community, we're fed up with the type of government administrations in the past. My work throughout the community allows me to talk to the people. Our talks are of local issues, national and personal problems. The people of each community want better leadership, better understanding and a better community relationship.

Answer 2: No response.

Answer 3: City water throughout the community; roads; drain ditches.

SUPERVISOR (Democrat)

Richard Krajewski of 40233 Harris Rd. did not respond to the questionnaire.

SUPERVISOR (Democrat)

Robert Marble of 46685 Kozma Rd. did not respond to the questionnaire.

CLERK (Republican)

Lyle B. Curtiss of 19745 Sharon Ct. did not respond to the questionnaire.

CLERK (Democrat)

Clarence J. Hoffman Jr. of 45100 Dunn Rd., did not respond to the questionnaire.

CLERK (Democrat)

B. Pauline Quinley, who presently serves as township clerk after her appointment by the governor, has been a township resident for 23 years, all at 22106 Sumpter Rd. She served as deputy clerk from 1965-70 and ran unsuccessfully for the township clerk's post in the 1970 primary. She is a member of the Sumpter Democratic Club, the Order of the Eastern Star and the Order of Rainbow for Girls. She is the secretary of the Democratic Club and an advisor to the treasurer of the

Order of Rainbow, which has awarded her the Grand Cross of Honor. The 52-year-old candidate and her husband, Edgar, are the parents of two grown children.

Answer 1: Had not intended to run for office this year, but after receiving the present appointment from the governor, decided then to run for election in order to try to help restore the faith of the people in their township government. After the unrest and confusion of the past, it will take some time and effort to start the township progressing again. It will take people in office with an interest in the township itself, not those whose only interest is to further themselves. We had 18 months of administration that did as they pleased — not the wishes of the people.

Answer 2: Because of my experience in the office — 5½ years as deputy township clerk, and the present ap-

pointment as clerk. I feel that my being appointed by the governor was based solely on the fact that he knew it required an experienced person.

Answer 3: The only major issue at this time is to start Sumpter Township progressing again. To do this, faith, peace and harmony in the township government must be restored. I believe this can be done if people with an interest in the township as a whole are elected. We've gone through a very chaotic period that has made this township "the problem" of the state and has set the township back in many ways. Only through cooperation between the township board and the people of the township can this chaotic period be erased.

CLERK (Democrat)

Amanda Roberts, 49, of 39823 Willis Rd., served as township treasurer prior to being recalled in June. She holds a cosmetologist license and attended the Dearborn Beauty College. A resident of the township for 14 years, she is married to Vincent A. Roberts. She is a member of the Sumpter Township Democratic Club and the Sumpter Township United Homeowners Association, of which she is chairman. She is publicity officer for the Democratic Club.

Answer 1: Sumpter needs so much done. It needs people that is willing to work for the betterment of the community. I love people and I want to help our community grow and try to make it a better place to live in. I have the ability and time to do this.

Answer 2: Formerly treasurer and know the duties and responsibilities of the clerk's office of Sumpter.

Answer 3: I feel anything that involves Sumpter Township and its people are major issues "from the biggest to the smallest issue."

TREASURER (Democrat)

Louis P. Banotai of 20323 Elwell Rd. did not respond to the questionnaire.

TREASURER (Democrat)

Bertram J. Bradley, of 18360 Martinsville Rd. did not respond to the questionnaire.

TREASURER (Republican)

Elbert Ray, a self-employed wholesale florist, has been a township resident for 25 years, all at his 20434 Karr address. The 60-year-old candidate and his wife, Lillian, have five children. He was a member of the Sumpter Township Board of Review from 1965-68 and has been active in Boy Scouts, where he received an 11-year pin.

Answer 1: To try to bring better government to the township.

Answer 2: No response.

Answer 3: No response.

TREASURER (Democrat)

Clarence J. Wilson of 29019 Sumpter Rd. did not respond to the questionnaire.

TRUSTEE (Democrat)

Michael W. Berry of 25085 Sumpter Rd. did not respond to the questionnaire.

TRUSTEE (Democrat)

Cecelia (Jean) Chudzinski, 45, of 48200 Harris Rd., is

employed at Ford Motor Co. in production repair. A resident of the township for 28 years, she has lived at her present address for four years. She is married to Alfred F. Chudzinski. She is presently serving as a trustee, being appointed by the governor following the recall election. Formerly she was an unsuccessful candidate for trustee.

Answer 1: We had made a mistake two years ago and we rectified it May 16, 1972. Now I feel if I have a chance to help my township by working for the township and working with the board not to have dissension among the board as we did the past two years. Every one wanted to be the boss and not work together. I feel I can work with the board. Being in business 24 years and working with people, you learn people and their needs. And not to see what you can gain for yourself. This is what we need.

Answer 2: I feel I can work together with the board and help not to disrupt the township. We have to have good leadership and unity. I am interested in all the people. If a person can't work with the people he is elected with, he is only thinking of himself.

Answer 3: We need unity. The past two years our township has been torn apart. We need to unite and work for the township. Our police department suffered. The old board did not think of the people. All they thought about was power.

We need a lady on the board. As a woman, I feel I can see and realize what some of the women in our township want and need. For two years all we heard were arguments and what was being done for Sumpter Township. The truth is nothing was being done and fighting was going on among the board members who campaigned together. All the people received was very large attorney bills for the court cases. They didn't care that this was costing the people money. I hope and pray that the people of Sumpter will not be fooled again. We can't afford such a high priced and unagreeable board. People of Sumpter please open your eyes. I have faith you will do the right thing come election day. I am not affiliated with any slate, so I owe no favors to anyone. If elected I will listen to all and make my one vote on the board count.

TRUSTEE (Democrat)

Tomie E. Dance of 44767 Willow Rd. did not respond to the questionnaire.

TRUSTEE (Democrat)

Noah Folks, 47, of 27000 Martinsville Rd., New Boston, has been serving as township trustee following his appointment by the governor after the recall election. A resident of the township for 12 years, he was graduated from River Rouge High School in 1943 and is a certified projectionist and patternmaker. He and his wife, Girtha Lee, have three children. He served in the U.S. Army Tank Destroyers from 1943-46, and is a member of Communities United for Action (CUFA), United Social Services and Comprehensive Health Planning Council of Southeastern Michigan.

Answer 1: Having been appointed and serving currently, there seems to be a definite need for the type of help and service I am at this point in time able to give my particular community, which is unique in location, needs and population composition.

Answer 2: Sumpter is my chosen and carefully selected home. I have sympathy as well as empathy with the citizenry. Our aspirations and inspirations are the same.

LILLIAN R. HARRIS

Answer 3: This election differs from no other, top priority being fair and equitable government for all citizens of Sumpter. Environmental service, health services and supportive services are to be dealt with realistically. I intend to be responsive to residents, to aggregate resources, and institute positive changes in progressive direction.

TRUSTEE (Democrat)

David D. Garlick of 18123 Morton Ave. did not respond to the questionnaire.

TRUSTEE (Republican)

Max L. Harnisch of 21833 of 21833 Bohn Rd. did not respond to the questionnaire.

TRUSTEE (Democrat)

Lillian R. Harris, 53, 43840 Wear Rd., holds a cosmetology degree from Bee-Dew Cosmetology College. A resident of Sumpter for 25 years, she has lived at her present address for eight. She and her husband, Lovett, have three children. She is a member of the W.C.S. Club, Community Center of Belleville, where she has served as treasurer. She also has participated in the Muscular Dystrophy Drive, March of Dimes, Clothing Center and belongs to the Mt. Herman Baptist Church, where she belongs to the Missionary Circle.

Answer 1: This township needs the individual approach. Someone who can understand the problems of the homeowners and citizens. Because I live in the township, I feel I can be of service to my community.

Answer 2: As a housewife, I am a worker, politician, budgeter, taxpayer, homeowner and, most important of all, housewife and mother.

Answer 3: Taxes — assessment of property — schools — quality education for our children. Representation for all the people.

I feel that taxes are far too high, and that assessment of property in the past has not been done on an equal basis. The schools could be improved by lessening the overcrowding of classrooms and all schools should have qualified teachers. No children should be bused out of their own community.

All people should be represented equally and fairly.

TRUSTEE (Democrat)

Lenwood H. Linville Jr., 23, of 10825 Rawsonville Rd., is employed at the G.M. Warehouse, Detroit Diesel Allison Division. A 1967 graduate of Arthur Hill High School in Saginaw, he attended Eastern Michigan University. He has been a township resident for two years, and he and his wife, Marcia Lynn, have a seven-month-old daughter. He serves as financial secretary for UAW Local 483, and also is a member of the Rawsonville Woods Lions Club and the Forest Avenue Baptist Church in Ypsilanti.

LENWOOD H. LINVILLE JR.

Answer 1: I am interested in local government and I am concerned with the problems of this community. I feel I can help seek answers and solutions that are much needed to make this township a better place in which to live. For these reasons I am seeking the office of trustee.

Answer 2: I have lived in this community for two years, which has given me some idea of the problems to be dealt with. I enjoy working with and for other people. I have demonstrated my ability to take on responsibility in the local union. I am willing to use my background and my personal willingness to relate to the job of trustee and work together with others to do the best job possible. For these reasons, I feel I am qualified to fill the position of trustee.

Answer 3: The major issue, as I see it, is a lack of cooperation on the board. We need people who are willing to work together for the good of the township.

TRUSTEE (Democrat)

Kenneth Meeks, 48, of 47211 Wear Rd., is employed as a butcher at Tamaren Beef Co. in Detroit. A resident of the township for 15 months, he holds an aircraft engineering degree from Washington Technical. His wife's name is Dolly. He is a member of the International Masons, NAACP, and is an associate minister at St. Paul A.M.E. Church, Detroit. Currently he is attending the Detroit Bible College. He has held the offices of worshipful master, worthy patron, high priest and grand deputy in the Masons.

Answer 1: To help supply the need of the people. I have been a property owner of this township for 18 years and have built and moved here. I wish to live here and to try to help promote the welfare of this community in its stage of building up to a city. Competent leadership is all that can accomplish this. Men who are able to meet the public and discuss issues, men who are qualified in more than just a mere speech or words but who are able to do and have a knowledge of doing.

Answer 2: I have been going to school ever since I was six years old and have not missed more than five years in some school at that time. I finished high school and went one year in Teachers college. Not able to continue, I did not return after the freshman year, but I enrolled in Washington Tech. College where I finished. Could not get a job as an Aircraft Engineer. Became a butcher in 1945. Went to Cass Tech for carpentry electronic; also had courses in real estate, license law, blue print reading and now I am a minister and have been going to school for three years at Detroit Bible College. Work as a grand deputy for International Masons eight years. Know building trade very good.

Answer 3: Qualification of one seeking to be elected. 2. The love and oneness of each citizen of this township 3. The political structure of the rejected.

1. Some people are for people regardless whether

KENNETH MEEKS

they are qualified or not, but give me the man who knows how regardless to race, creed or color and I will vote for him.

2. The township has been pulled apart by too much idle talk and no love and cooperation to build it to meet its needs.

3. Groups want to get together and set up a prestige for a whole township, but let the voice or the people be my guide.

I stand firm on the law, the Constitution of the United States. Right is my plea, so public, make your will and desire right. To build a better tomorrow for our children, to make Sumpter a place where anyone would want to live. Last, but not least, by being a man of God, I know I can be a servant of the people. To think clear and soberly for all.

Belleville musicians to play in U-M band

Seven members of the Belleville High School Band will perform with The University of Michigan Summer Session Symphony Band on its annual concert Aug. 3.

Held in conjunction with the 24th annual National Band Conductors' Conference and

the first meeting of the "Double Reed International," the concert will begin at 7 p.m. near the School of Music lake on the university's North Campus.

Playing in the band will be Beverly Freysinger, bassoon; Eileen Heath, bassoon; Keith Hubbs, French horn; Tom Ketchum, euphonium; Susan Scothorn, flute; Joe Snyder, euphonium; and Lee Wolfgang, bass clarinet.

Under the baton of George Cavender, conductor of university bands, the 80-piece ensemble will perform many new works, including "In Memoriam" by Alfred Reed, and "American Variations" by local composer Jerry Bilik. Also included on the program will be "An Outdoor Overture" by Aaron Copland and "Overture to Candide" by Leonard Bernstein.

The concert will be given free of charge. In the event of rain, it will be held in Hill Auditorium at 8 p.m.

Jaycee members honored

The Romulus Jaycees have recognized several local Jaycees for their outstanding contributions during the past month of June.

Those honored as Jaycees of the Month were — Joe Bienkowski, chairman of the Spring Festival Carnival, and John Domas, chairman of both the Americanism Essay Contest and the Jaycee Scholarship Award.

Special recognition went to Ron Bayes, Don Carollo, Harold Hoffer, Mike Pawelak, George Pratt, Dan Skura, Wayne Starkey, Julius Szabo, Tom Taylor, Joe Vervser, Tom Von Glahn, John Van Stipdonk and Ray Wood for their contributions towards the festival, the Junior Champ project, school board candidates' night and Harold Cass Award.

Seniors set picnic supper

The Belleville Senior Citizens Club will hold a picnic supper at Metro Park in the Fox Woods area tomorrow evening.

The picnic will begin at 5 p.m. The seniors are requested to bring a dish to pass around.

In case of rain, the picnic will be held at St. Anthony's School.

Belleville resident honored

Richard A. Dewar, 42 Locust Dr., Belleville has been promoted to the position of sales manager with Combined Insurance Company of America.

Dewar, joined the international company in 1970 as an accident and health insurance representative. He will now be responsible for a group of representatives servicing the needs of Combined's policyholders in the state. The announcement of his promotion was made by Lloyd Royer, regional manager of Michigan.

Dewar is a member and award-winner in the W. Clement Stone International Sales and Management Achievement Club, an honorary organization named after the company's founder and board chairman.

Combined specializes in accident and health insurance protection and life insurance. The company is unique in that the needs of customers are under constant review, with representatives calling personally on policyholders at least every six months to provide individual service.

Seniors assisted by law

Due to a newly enacted law, more than 100 Van Buren senior citizens will be able to vote by absentee ballot in the August primary.

According to Mrs. Irma Jean Payne, township clerk, her office sent letters to the township's 329 senior citizens recently, advising them of a new law which allows any citizens 65 years of age or over to vote by absentee ballot.

Previously, the minimum age limit was 70.

So far about 175 seniors have applied for absentee ballots, she reported.

"A lot of these would stay in because of the hot weather and long lines," Mrs. Payne said.

The Datsun 510

is a champion.

It's also a wagon.

Datsun 510 Sedan. Winner: 1970 East African Safari. Winner: 1971 2.5 Trans-Am championship.

Datsun 510 is also available as a wagon, with lots of the features that help us win races. Overhead cam engine. Safety front disc brakes.

Solid unibody construction. Plus, comforts you expect: all-vinyl interior. Tinted glass. Whitewalls.

And more, included in the price. If you need a hard-working wagon, drive Datsun 510. It sure beats whatever's second.

LAST CHANCE TO BUY BEAUTYREST AT \$89.95

Beautyrest Capri
Once our present inventory of famous Beautyrest Capri mattresses is gone, there will be no more. Never again will you be able to spend so little yet get so much comfort and support. A lot of folks will be sad that rising costs have forced Simmons to discontinue the Capri. But you can be glad of this Last Chance to buy a Beautyrest at \$89.95, Twin or Double, mattress or matching foundation.

Other Beautyrest models start at \$99.95

Beautyrest Supreme or Back Care I
Enjoy the luxury of an overnight vacation, every night! That's what you get with either of these superb Beautyrest mattresses. Choose the support your own back needs... and deserves! Beautyrest Supreme, with firm construction that is so good for you! Or Beautyrest Back Care I, with support that's a little more firmer than firm. You'll know when you've made the right choice, because your back won't have any morning message for you anymore! Twin or Double, mattress or matching foundation.
